July 10: Find the Connection

Connections are all over the place. How many can you find? We'll look at animals, nature, books, and puzzles to try to discover the connections and solve some mysteries!

July 17: Creating Art

What inspires you? The sky? A grumpy cat? A donut? Learn how to turn what inspires you into a work of art. Bring your creativity!

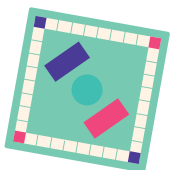

July 24: Mini-Mini Golf LEGOs

Kopernik will be here to introduce the technology of energy and forces. You will work in pairs using iPads and SPIKE mini-kits to construct models and learn introductory coding. Can you program the golf club to hit the ball to make a hole-in-one?

July 31: Friendship Crafts

Make a friendship bracelet, a keychain to share with a friend, or another treasure during our craft extravaganza!

August 7: Game Day

It's time to let loose and play some games! We'll play board games, card games, and computer games. Let's work together and play something new!
