Re: DEC ID # 7-0346-00032/00007
I3 ELECTRONICS, INC.

Dear Applicant Agent :

Please be advised that your application for a DEC permit(s) is complete and a technical review has commenced. Notice and the opportunity for public comment is required for this application. Enclosed is a Notice of Complete Application for your project. Please have the Notice published in the newspaper identified below once during the week of 06/27/2016 on any day Monday through Friday.

BINGHAMTON PRESS & SUN BULLETIN
PO BOX 1270
BINGHAMTON, NY 13902

On the Notice of Complete Application, that information presented between the horizontal lines, on the enclosed page(s) should be published. Do not print this letter or the information contained below the second horizontal line. Please request the newspaper publisher to provide you with a Proof of Publication for the Notice. Upon receipt of the Proof of Publication promptly forward it to this office. You must provide the Proof of Publication before a final decision can be rendered on your application. You are responsible for paying the cost of publishing the Notice in the newspaper.

Notification of this complete application is also being provided by this Department in the NYSDEC Environmental Notice Bulletin.

This notification does not signify approval of your application for permit. Additional information may be requested from you at a future date, if deemed necessary to reach a decision on your application. Your project is classified major under the Uniform Procedures Act. Accordingly, a decision is due within 90 days of the date of this notice unless a public hearing is held, which may extend this time frame. If a public hearing is necessary, you will be notified.

If you have any questions please contact me at the above address or phone number above.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Teresa Diehsner', with a stylized flourish at the end.

TERESA DIEHSNER
Division of Environmental Permits

THIS IS NOT A PERMIT

**New York State Department of Environmental Conservation
Notice of Complete Application**

Date: 06/27/2016

Applicant: I3 ELECTRONICS INC
1093 CLARK ST
ENDICOTT, NY 13760

Facility: I3 ELECTRONICS, INC.
1093 CLARK ST
ENDICOTT, NY 13760

Application ID: 7-0346-00032/00007

Permits(s) Applied for: 1 - Article 17 Titles 7 & 8 Industrial SPDES - Surface Discharge

Project is located: in UNION in BROOME COUNTY

Project Description:

The New York State Department of Environmental Conservation (DEC) is proposing a Department Initiate Modification (DIM) to the State Pollutant Discharge Elimination Systems (SPDES) Permit (NY#0003808), pursuant to 6 NYCRR Part 750-1.18, and 750-1.19, the Priority Ranking System known as New York State's Environmental Benefit Permit Strategy (EBPS). This modification will also serve to renew the SPDES permit, the term of which was extended under the State Administrative Procedures Act (SAPA).

i3 Electronics Huron Campus Industrial Waste Treatment Plant facility treats wastewater from printed circuit board (PCB) fabrication, PCB assembly, semiconductor packaging and assembly, and related design, development and testing activities from i3 Electronics, Inc. Additionally, the industrial waste treatment plant provides treatment for on-site tenants of the campus, and off-site customers, which includes landfill leachate. The facility has a design flow of 3 MGD and discharges treated surface wastewater via Outfall 001 to the Susquehanna River, a class A water.

The following changes to the permit are proposed: Whole Effluent Toxicity testing action levels have been added; Total Cyanide sample type has been changed from 24-hr composite to grab; Monitoring and limits for specific parameters have been added; Twelve month load limits for Total Nitrogen and Total Phosphorus have been added; Sampling frequency for Toluene, Xylene and Trichlorotrifluoroethane (Freon 113) have been increased from quarterly to monthly; A Schedule of Compliance has been added to require the submittal of a Nutrient Removal Study for the reduction of Total Nitrogen in the effluent; A Schedule of Submittals has been added for a short term high intensity monitoring report for Total Coliforms, and an influent scan of Dr. Reddy's Laboratory wastewater; Limits for Methylene Chloride, 1,1,1-Trichloroethane, and Toluene have been reduced; Available chronic and acute dilutions have been reduced. The permit format has been updated and incorporates the latest general conditions. Details of changes are specified in the draft permit and fact sheet.

Availability of Application Documents:

Filed application documents, and Department draft permits where applicable, are available for inspection during normal business hours at the address of the contact person. To ensure timely service at the time of inspection, it is recommended that an appointment be made with the contact person.

State Environmental Quality Review (SEQR) Determination

Project is an Unlisted Action and will not have a significant impact on the environment. A Negative Declaration is on file. A coordinated review was not performed.

SEQR Lead Agency None Designated

State Historic Preservation Act (SHPA) Determination

The proposed activity is not subject to review in accordance with SHPA. The application type is exempt and/or the project involves the continuation of an existing operational activity.

DEC Commissioner Policy 29, Environmental Justice and Permitting (CP-29)

It has been determined that the proposed action is not subject to CP-29.

Availability For Public Comment

Comments on this project must be submitted in writing to the Contact Person no later than 07/29/2016 or 30 days after the publication date of this notice, whichever is later.
