Recycling Club

The goal of the Recycling Club is to minimize the impact the High School has on the environment. We collect, sort, and recycle the bottles and cans in the building. We also use a variety of methods to educate students and staff on how to reduce their own impact on the environment and how to lead a sustainable lifestyle.

A long time ago, in a galaxy far, far away... We got our little girl ready for her first day of the first grade. Here's the picture to prove it! We remember that day like it was yesterday.

That smiling, happy kid turned into the most wonderful, gifted, kind, and fun person (you).

All those days gone by... All of those amazing moments... And some less than perfect too 😊 How did this even happen?

As you are preparing for the next chapter of your life at college, know that we could not be more grateful for having you as our daughter. Thank you for being so Sophia.
