# November Classes at the GFJ Tech Center!

## **Best Apps of 2018** Monday 11/19 from 4:00-6:00

- Thousands of apps are created each year, and it's almost impossible to pick and choose the ones that will be useful, easy and fun. In this class we will explore the latest and greatest as well as the most useful apps for Apple, Microsoft and Android devices. Some apps will be repeated from previous classes.

## **Buying a New Computer or Tablet—Shop Smart!** Friday 11/9 from 1:00-3:00

- Whether you need it for home, school or your business, a new computer or tablet can be a major purchase. There are a lot of factors to consider, such as price, warranty, storage, and speed. There are good reasons to consider buying a tablet. Maybe you don't need a full-fledged laptop, but need something that's bigger than a smartphone. Both options will be compared. Performance has improved, especially among lower-priced products

## **Crafting for the Holidays: Free Patterns Online** Tuesday 11/6 from 2:00-4:00

- If you are looking for gift ideas, or for free patterns for needlecrafts, woodworking, jewelry, and more, look to Pinterest, Ravelry and other Internet indexes to get you started. Thousands of free, step-by-step patterns are available, and this class will show you how to find them and index them for future reference.

## **Cut the Cord: Streaming Services and Issues with Piracy** Saturday 11/10 from 2:00-4:00

- It seems like everyone wants to cut the cord, but how do you legally get your entertainment after you ditch cable? This class will go over the future of streaming services, some popular streaming services, and why it is never a good idea to be a pirate. ARRGH!

## **Facebook Settings for Safety and Privacy** Friday 11/16 from 2:00-4:00

- It is more important than ever, after the recent breaches of Facebook that we are vigilant and knowledgeable about the information that we are posting there. In this class we will explore the how to adjust settings to keep our Facebook identities safe. This is a repeat of a previous Facebook settings class.

## **Get Paid for Shopping Online: Really!** Tuesday 11/13 from 1:00-3:00

- If you shop online why not get paid for it? One of the easiest ways to get more out of your buying experiences is to use cashback websites. They help you “earn back” the money you spend so you can make your shopping budget stretch further. This workshop will outline the pros and cons of using these sites. We will also cover some automatic coupon savings tools.

## **Intro to Excel—for Beginners!** Monday 11/26 from 2:00-4:00

- Learn how to create neat, professional-looking spreadsheets on your computer, even if you have little or no technology skill. This class will cover the basics of creating, editing, saving and basic computation with a basic spreadsheet, and will offer free alternatives to Microsoft Excel.

## **iPhone and iPad: Tips and Tricks** Tuesday 11/27 from 1:00-3:00

- This collection of tips will help you use some of the best features packed into Apple's iPad and iPhone. Learn how to do more with your iPad and iPhone without spending money on apps and accessories. Bring your iPhone or iPad with you, and make sure that your software is up to date.

## **Launchpad @ GFJ** Every Tuesday from 5:00-7:00

- Achieve your goals! On Tuesdays, there is free tutoring and computer-based instruction available to help adults prepare for the TASC high school equivalency exam. Get the help you need to earn your high school diploma! Visit our website to register or contact Craig Jefferson ([jeffersoc.2014@gmail.com](mailto:jeffersoc.2014@gmail.com)) or Jen Musa ([musajm@sunybroome.edu](mailto:musajm@sunybroome.edu)) with questions or for more information.
