GFJ TECH CENTER

The Tech Center is offering a class on streaming. The future of entertainment is upon us, and movie studios, TV stations, and other entertainment businesses are fighting to get your money by creating their own streaming services. Learn what a streaming service is and how to access their content as well as who the top competitors are in the war on entertainment. The cut the cord era has now become the streaming wars! Come to the class on May 20 @ 5:30pm. Register online or ask at the adult information desk about this class and other classes being offered in May.

The Teen section

of the library has expanded. We have more floor space and shelving so teens can have a place to hang out and do work.

We are also pleased to bring back YA non-fiction.

Come take a look at our larger teen area.
