Please see the class descriptions on the back of this calendar for more information.

Amazon Fire: The Affordable Tablet *Tuesday 9/24 from 3:00-5:00*

- The Fire, formerly called the Kindle Fire, is a tablet computer developed by Amazon.com. An overview of the Amazon Fire Tablet will be presented including how to navigate, organize and download apps. The latest Fire delivers faster performance, a bigger battery and more base storage than the previous version for almost half the price. Its screen is bright, the speakers are loud, and it offers expandable microSD storage and ample parental controls. **Registration Required.**

Android Smartphone and Tablet Basics *Thursday 9/5 from 1:00-3:00*

- Android is a popular operating system which is used on different mobile devices such as phones and tablets. The Android system was created by Google. This workshop will show you how to navigate through the various controls and effectively use an Android device. **Please bring your fully charged Android device (phone or tablet) with you. Registration Required.**

Files and Folders for Beginners *Monday 9/16 from 5:30-7:30*

- Are loose files all over your computer? Do you want to learn how to become more organized on your computer's desktop? This class will give you some tips on how to clean up your files and sort them into folders. No prior knowledge will be needed since we will start with basics such as what is a file and what is a folder? **Registration Required.**

Learn to Sell on eBay *Thursday 9/12 from 1:00-3:00*

- Forget the mess and work of a garage sale - sell your unwanted things on eBay! Come learn how to set up an account, take pictures, arrange payments and create appealing listings. You are welcome to bring a small item, or some pictures of something that you would like to sell on your camera or phone. **This class is for beginning eBay-ers!!! Registration Required.**

Meet Google Drive *Tuesday 9/17 from 1:00-3:00*

- Learn to create and store word documents, spreadsheets, slide shows, and more with Google's free cloud-based service. All you need is a Gmail address and password to use this powerful storage system that lives online. **Please have an active Gmail address and password before class starts**. **Registration Required.**

Online Privacy *Wednesday 9/4 from 5:30-7:30*

- When you use the internet, are you concerned about the amount of personal information being collected about you, your browsing history, and your shopping habits? Register for this class on online privacy to learn what is happening, what is at risk, and how to minimize your exposure**. Registration Required.**

Securing Wireless Networks *Wednesday 9/18 from 5:30-7:30*

- In this class, we will discuss the security risks associated with using wireless networks, such as Wi-Fi & Bluetooth, and what you can do to protect against unauthorized access to your network, devices, and personal information. **Registration Required.**

YouTube Basics *Friday 9/27 from 2:00-4:00*

- Want to learn more about YouTube, the video sharing platform that everyone is watching? Come learn what you can watch and even how you can upload your own videos to the platform. **Registration Required.**

Launchpad @ GFJ *Every Tuesday from 5:00-7:00*

- Achieve your goals! On Tuesdays there is free tutoring and computer-based instruction available to help adults prepare for the TASC high school equivalency exam. Get the help you need to earn your high school diploma! Contact Craig Jefferson (jeffersoc.2014@gmail.com) or Jen Musa (musajm@sunybroome.edu) with questions or for more information.
