Altho' Bing has always favored
the violet's dark Blue
And the gentle sons of Elmira
to the blue and white are true
We will own the lilies slender
nor honor shall they lack,
While the tiger stands defender
of the Orange and Black.

Thro' the four long years of high school
midst the scenes we know so well,
As the mystic charm of knowledge
we vainly seek to spell,
Or win athletic vict'ries
on the football field or track
Still we work for dear old U-E
and the Orange and the Black.

When the cares of life o'er take us
mingling fast our locks with gray,
Should our dearest hopes betray us
false fortune fade away
Still we banish care and sadness
as we turn our memories back
And recall those days of gladness
'neath the Orange and Black.

By the rolling Susquehanna,
near the playing field so green,
Stands the playing old Alma Mater
like a proud old gracious queen
And forever we remember
as we pass — and then look back
That the tigers stand defender
of that Black and Orange.

You to the left and I to the right
For the ways of youth must sever —
And it well may be for a day and a night,
Or it well may be forever.

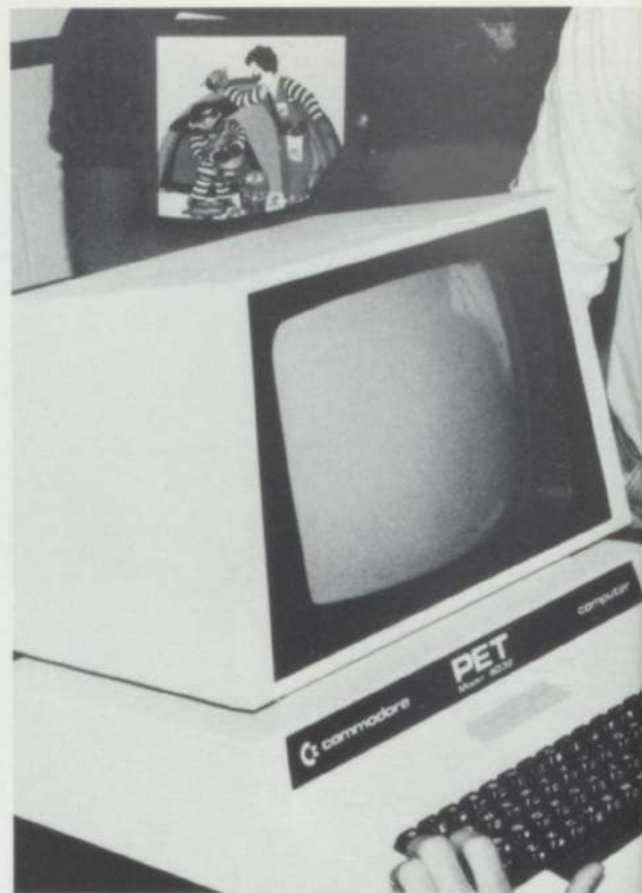

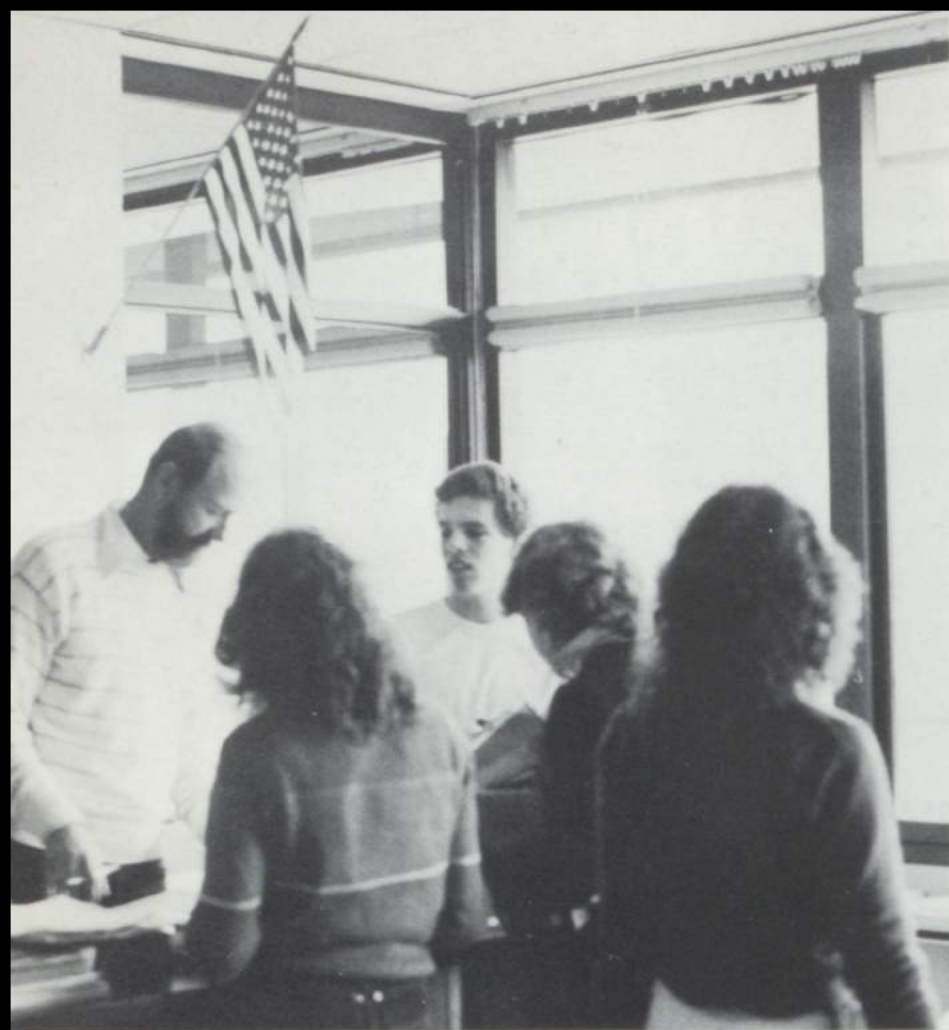

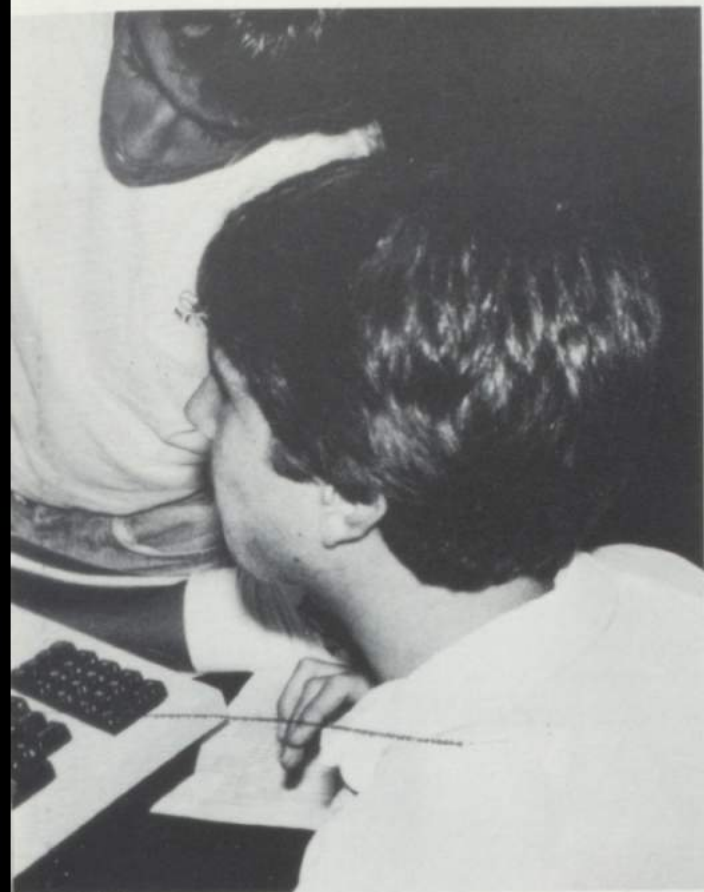

But whether we meet or whether we
part,
(For our ways are past our knowing)

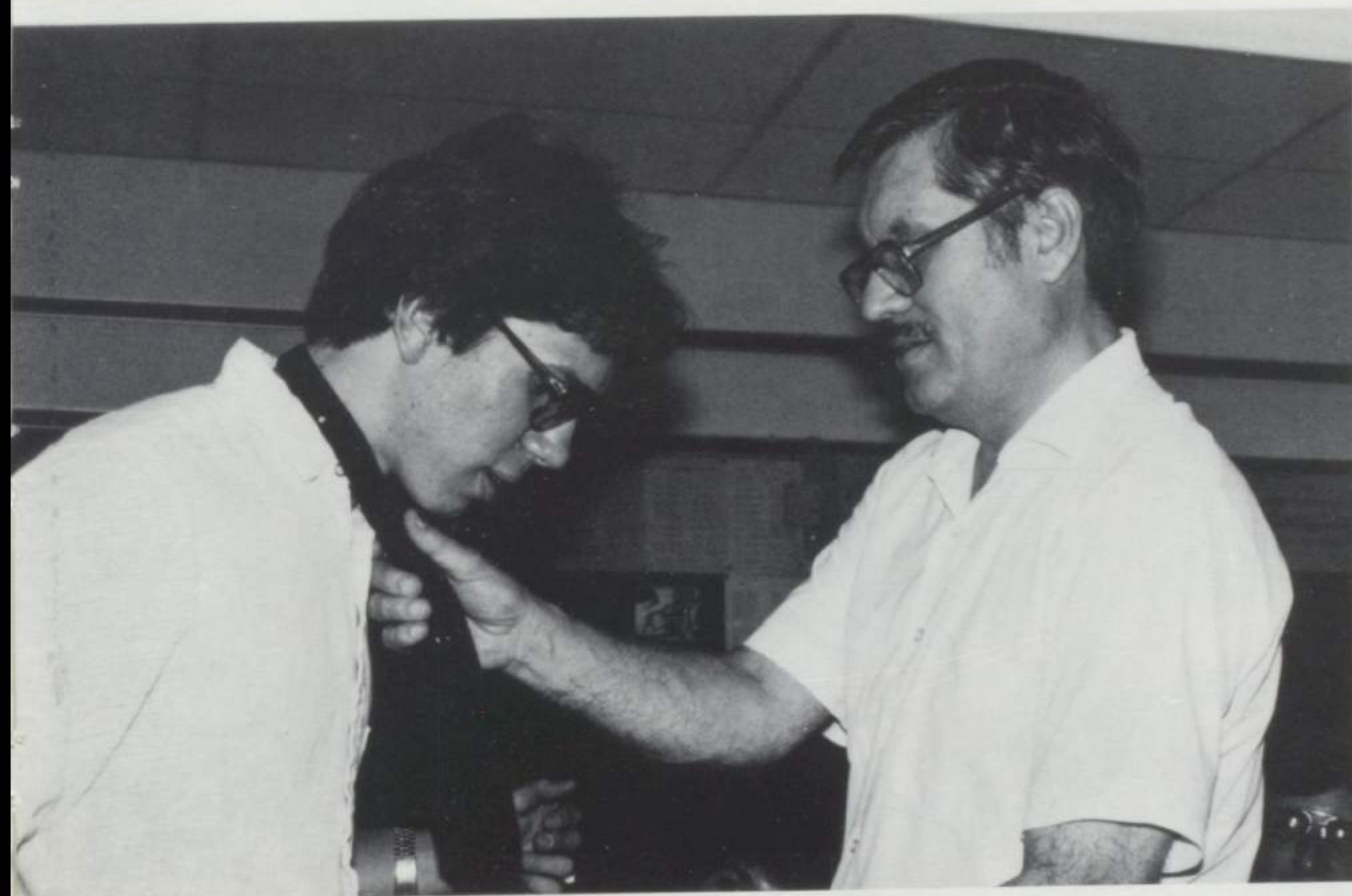

A pledge from the past

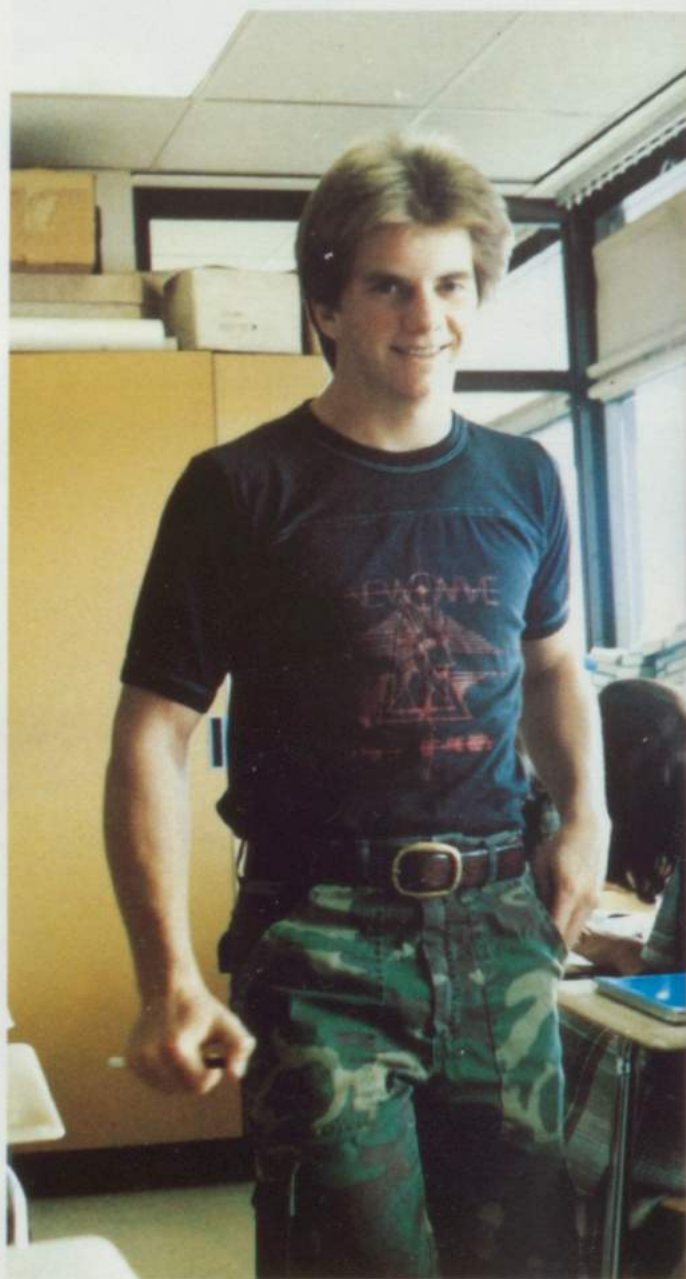

A pledge from the heart to its fellows heart

On the way we all are going

Here's Luck!

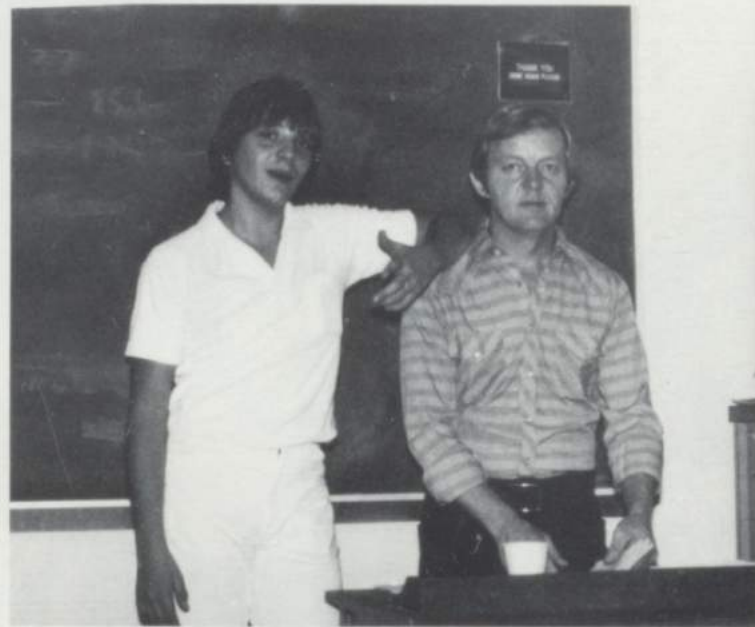

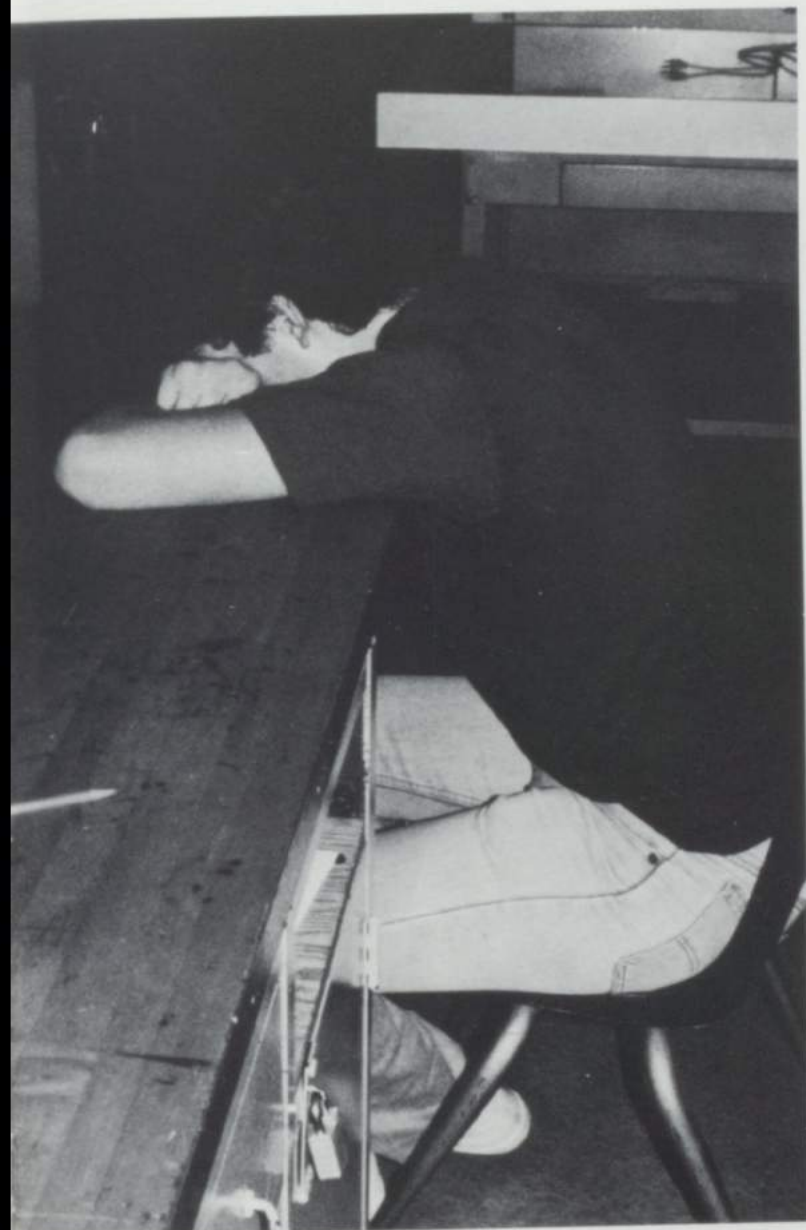

With a steady swing and an open brow
We have tramped the way together.
But unclasping hands at the crossroads now.

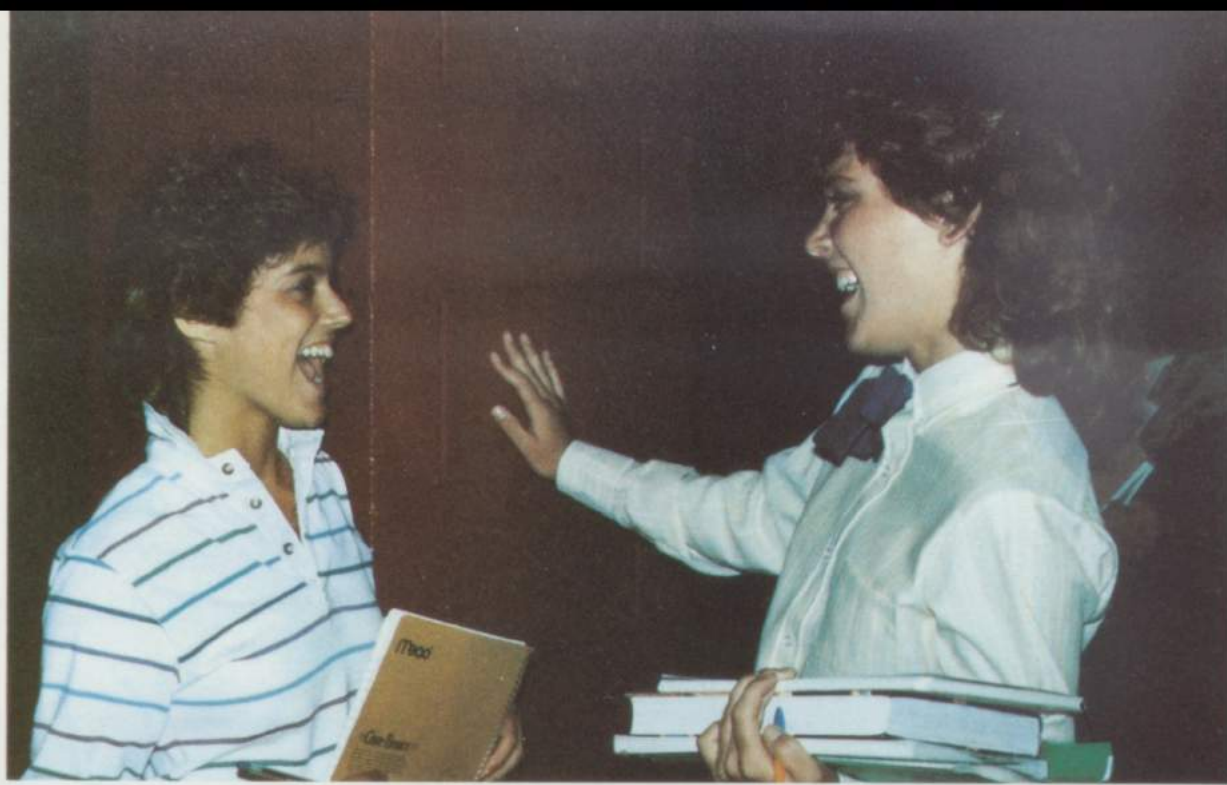

In the future's dark night for weather
And whether we weep or whether we smile

In the years that lie before us
We trod friendship's path for the
starting mile
And the blessing of fate is o're us.

In the Year 2004 . . .

Karen Mouillesseaux — "I want to be a teacher because I *hate* kids."

Kew Lee — "I will be a short, successful, single doctor of my own practice and all my money will be in a Swiss bank account."

Jenny Cammarata — "I will be making at least \$60,000, own a Corvette, and live in a penthouse apartment. To keep in shape, Arnold Schwarzeneger will visit me weekly for a personal workout."

Kevin Ennis — "Dead."

John Carlini — "I will own all the rights to the Beatles songs and partners in M.P.L. I'll be rich, married, and living on the North Side."

Kelly Wood — "I'll be in the Boston Symphony."

Liz Simpson — "I'll be married with kids and living in a big house in Virginia."

Chris Huck "I'll be Joe Dot."

Greg Prusia — "I'll be single, living in the Bahamas and having lots of fun."

Jennifer March — "I'll be an ABC news commentator; I won't be married, but I'll be rich."

Gene Roma — "I'll be married with 4 kids — 3 boys, 1 girl. I'm going to be the "Prez" of a large corporation, earning over \$100,000 a year."

Jackie Barbara — "I'll be on a beach in Hawaii."

Scott Moyer — "I'll be married with a good job in the computer field at I.B.M."

Jason Lesko — "I'll be a successful businessman living on the North Side."

Ken Krzyzewski — "I'll be driving my Porshe 928 in Vermont between ski seasons."

Jean Farley — "I'll be a C.P.A. and earning over \$90,000 a year plus things that can't be printed about her activities with her husband."

Colleen Gallagher — "I want to be married to a doctor, preferably Bob P."

Doug Walton — "I'll own my own business, and play Pro-Basketball at the same time, earning millions and loving it."

Alison Brooker — "I'll be a space cadet."

Ted Siegle — "I'll be a millionaire in Beverly Hills."

Joan Monachello — "I'll be retired with millions."

Dave Fusco — "I'll be retired with MILLIONS."

Mary Moretin — "I'll have 5 kids and be divorced because nobody can put up with me."

Murph — "Either in a gutter somewhere or president."

National Merit Scholarship Winners

Since 1955 the National Merit Scholarship Program has been conducting scholarship competitions which over the past 26 years have resulted in the awarding of about \$193 million in Merit Scholarships to students of high academic calibre. The number of Merit Scholarships available in a particular year is determined by grants from corporations, foundations, business organizations,

and colleges and universities. All finalists will win four-year Merit Scholarships.

Every student qualifying as a finalist, as well as those commended by the Merit Scholarship Program, has good reason to be proud of this accomplishment which is evidence of his outstanding academic ability.

The *Best* and *the Rest*

U-E's first annual "Legs" contest has been a dream come true for all the visually starved females in the high school. No longer would they have to peek into the boy's locker-room or be overcome by the chlorine in the pool in order to catch a glimpse of the famed lower limbs. Twenty-four anonymous male legs willingly participated in the contest, and for a mere quarter, you could vote for the pair of your choice. When the laughter subsided, the votes were tallied and the victor was Bob Patterson. When asked how he felt about having the sexiest legs in the school, he modestly declined to comment.

U E Welcomes the —

Hi, my name is Nina B. Sandvik. I am from Stavanger, Norway, joining AISE; American Intercultural Student Exchange Program.

The school system in Norway is quite different from the one you have here. Norway only requires nine years of school, but most people go to what we call gymnas, more like early college level, or to a trade school for three years. Then you decide if you want to continue going to university or other schools.

The U.S. is great! My first impression, I remember, was that everything is sooo big here: cars, roads, schools, etc. And without very many conveniences all American people and the whole society are also very dependant on the car; Drive in restaurants, drive in banks, etc. I love the people here. Everybody is so friendly, and I would like to thank teachers, friends, and not to mention my host families; the Fabians in Endwell and the Dermody's in Walker Road for being so nice to me.

I know that when I go back in August this year, I will go back with joy — it's been a year worth remembering!

My name is Eva Nicolajsen and I am from Denmark. There are many different things in my school in Denmark than U-E. We just have to go to school for nine years. So I have graduated already. The first time you start school is when you are seven years old. The first seven years you can choose what subjects you want to take. The last two years we have a couple of choices. I think it is good that you here can choose between so many English courses, etc. We start school at eight o'clock and get out about two to three o'clock different everyday. We have no homeroom or any study halls. We stay in one or a couple of classrooms during the day, while the teacher goes to rooms. We bring our books home every day because we do not have lockers. We only have gym two times a week. But we have after school sports you can join, along with clubs. In the weekends we usually enjoy sport and the discos.

Last year I took one year of college, and I am going back for two more years next summer. I have plans to be a policewoman.

In Denmark everything is close to us, we are half an hour from the beach and two hours from Germany, and one to two days from other countries in Europe. Here I miss the beach a lot.

Right now I am staying with the family of John and Jennifer March, on Holiday Hill, but in January I am moving to my next family, Robert and Barbra Knoth in Endwell.

The people in U.S. are very friendly and I enjoy being here.

Foreign Exchange Students

By Cindy Ellis

Hello, my name is Arnt Rian. I'm from Norway. Our system is as the following. We graduate after 9th grade in Norway, but we don't start school until we are seven, so we're usually fifteen or sixteen when we leave school. Most classes we are required to take in High School are math, Norwegian, English, history, etc., just about everything.

I came to the U.S. because I wanted to be different from others. I've always been for doing something new.

Here in the U.S. I really don't find anything really different, just that you here in the U.S. use artificial ingredients in your pizza and in Norway we use the real stuff.

I'm staying with the Dermody's on Walker Road right now, and I would like to thank them for their hospitality. When I return in the summer, I plan to go back and be a world famous electrician . . . And being able to play my guitar and piano for the rest of my life. That's all.

Hi, my name is Sally Mackay, I'm from New Zealand. U-E is almost twice as large as my school. We have eight separate blocks or classrooms. Like other students in New Zealand, I have to wear a uniform. Most people bring their lunch to school, but we also have a snack bar.

There are so many more ranges of subjects at U-E than at my school. We do not have separate Maths, and also separate English courses. We start school in February, and end in early December for the summer holidays. Instead of semesters, we have three terms in a year, and we have assembly twice a week for twenty-five minutes. We do not graduate, but we all have to take the same two national exams where everyone in the country sits the same exam for each subject. You can leave school at fifteen, but many leave at sixteen or seventeen and get a job, or go to polytech, or trade school. Our main sports are rugby, and cricket. Some of our major sports are soccer, volleyball, basketball, softball, hockey and track. Most people get to school by walking or biking.

Life in the U.S. is different in many ways, because New Zealand is in the southern hemisphere our seasons are the opposite. We drive on the other side of the road, and most of our cars are much smaller. You can get your driver's license at fifteen. There are more appliances in the U.S., probably because they are much cheaper. We only have two T.V. channels. Most of the houses are one story and don't have a basement. Almost every house has a fence around it. We have a McDonald's and Pizza Hut, but no other American restaurants. The weather is much colder in the winter than in New Zealand. We have snow about once every four years and it stays for about two days. The accent is different and so are some of your words like jersey-sweater, biscuit-cookie, scone-biscuit, queue-line.

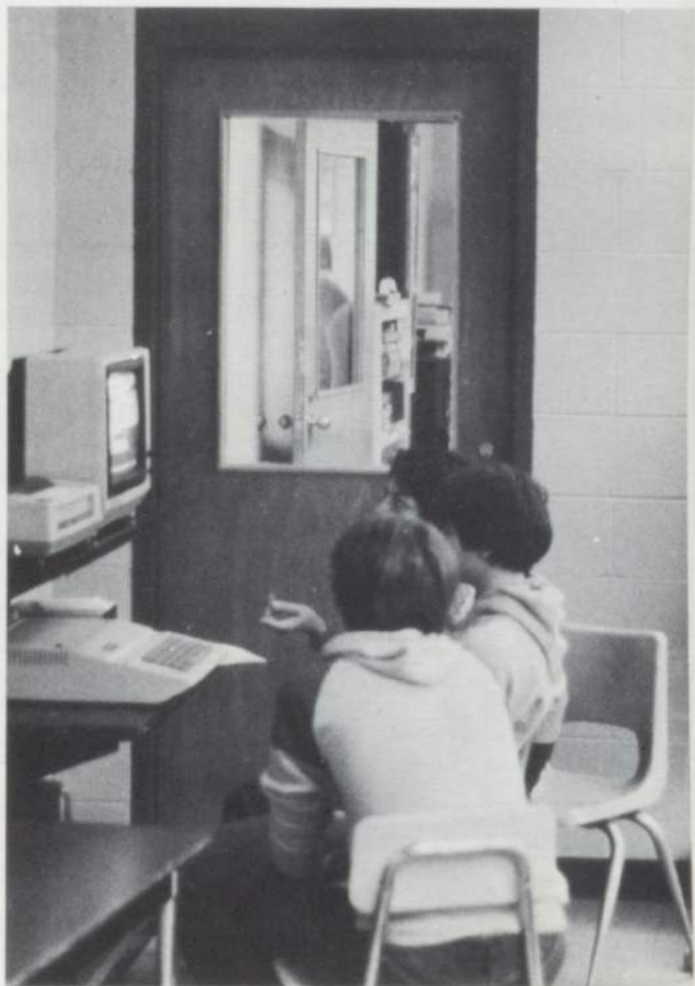

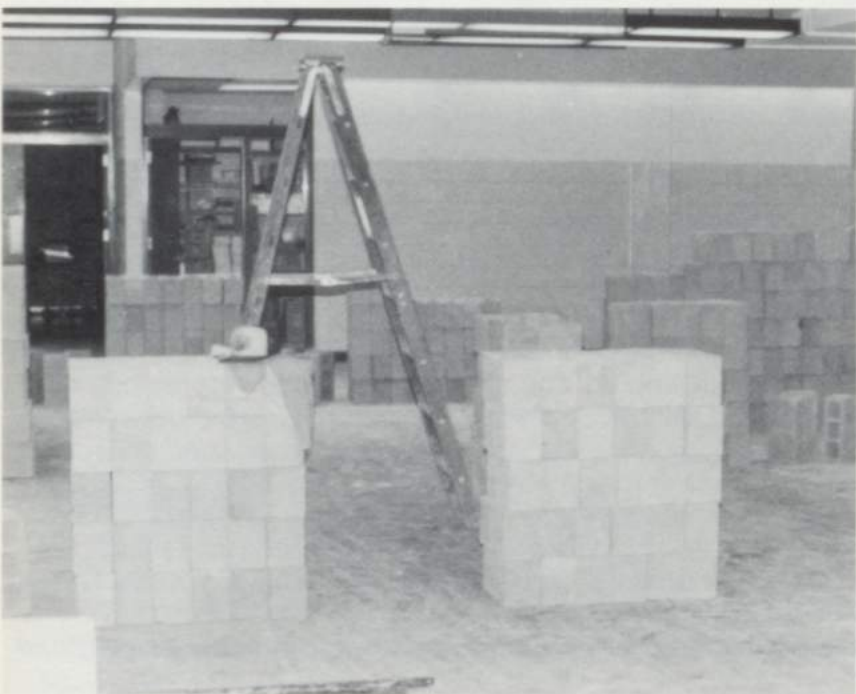

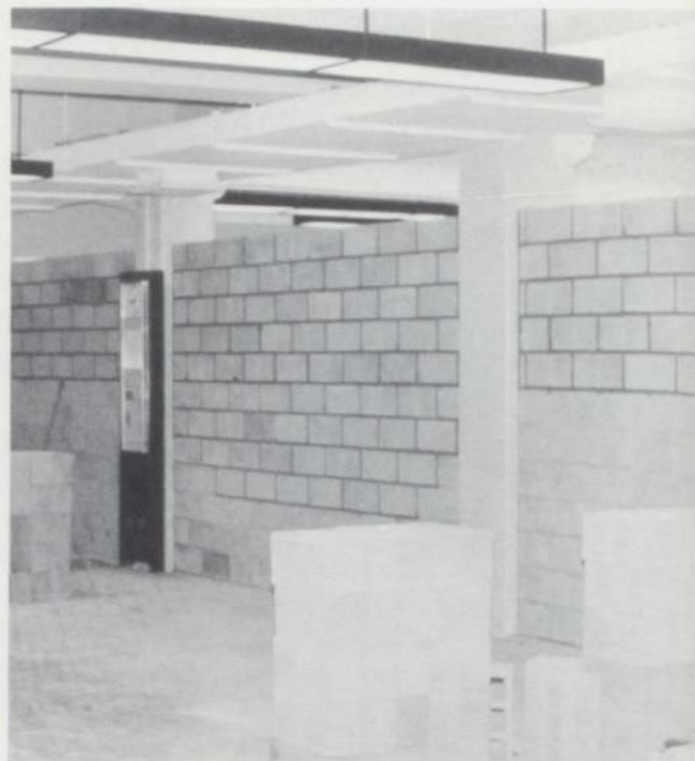

New Zealand is a much smaller place than the U.S. In area it is just over three million.

We do not celebrate Valentine's Day and Halloween is not a big celebration.

I'm staying with the Koslowski family, and when I return in the summer I will probably go back to college.

Changes in the Building

Above Left: Mr. Evans' class in the new reading lab.

Above Right: New wall built between the study hall and the reading lab.

Bottom Left: Construction site of study hall 361 A and B.

Bottom Right: Three students make use of word processing software in the new writing lab.

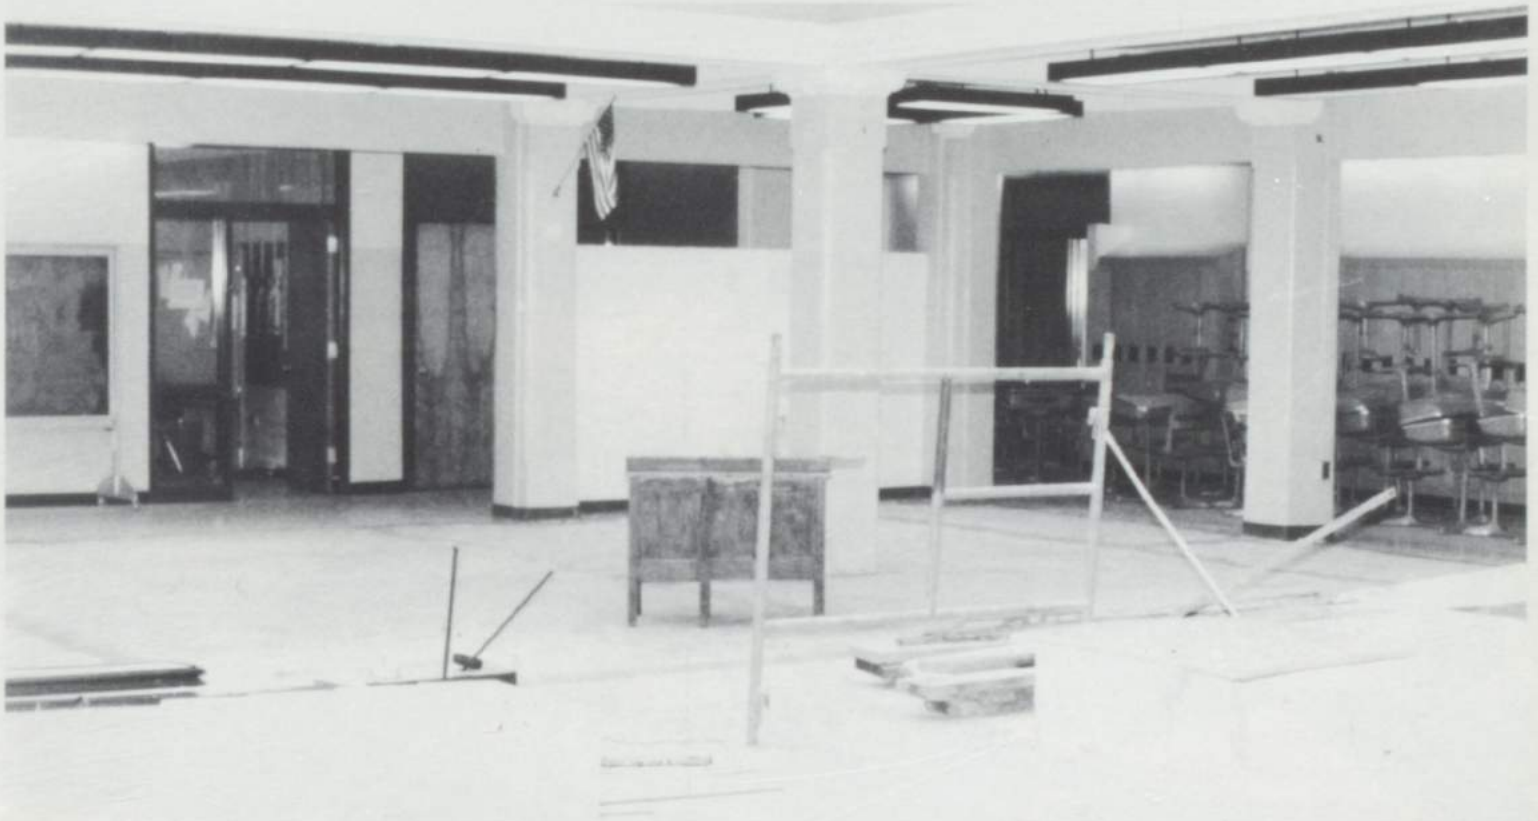

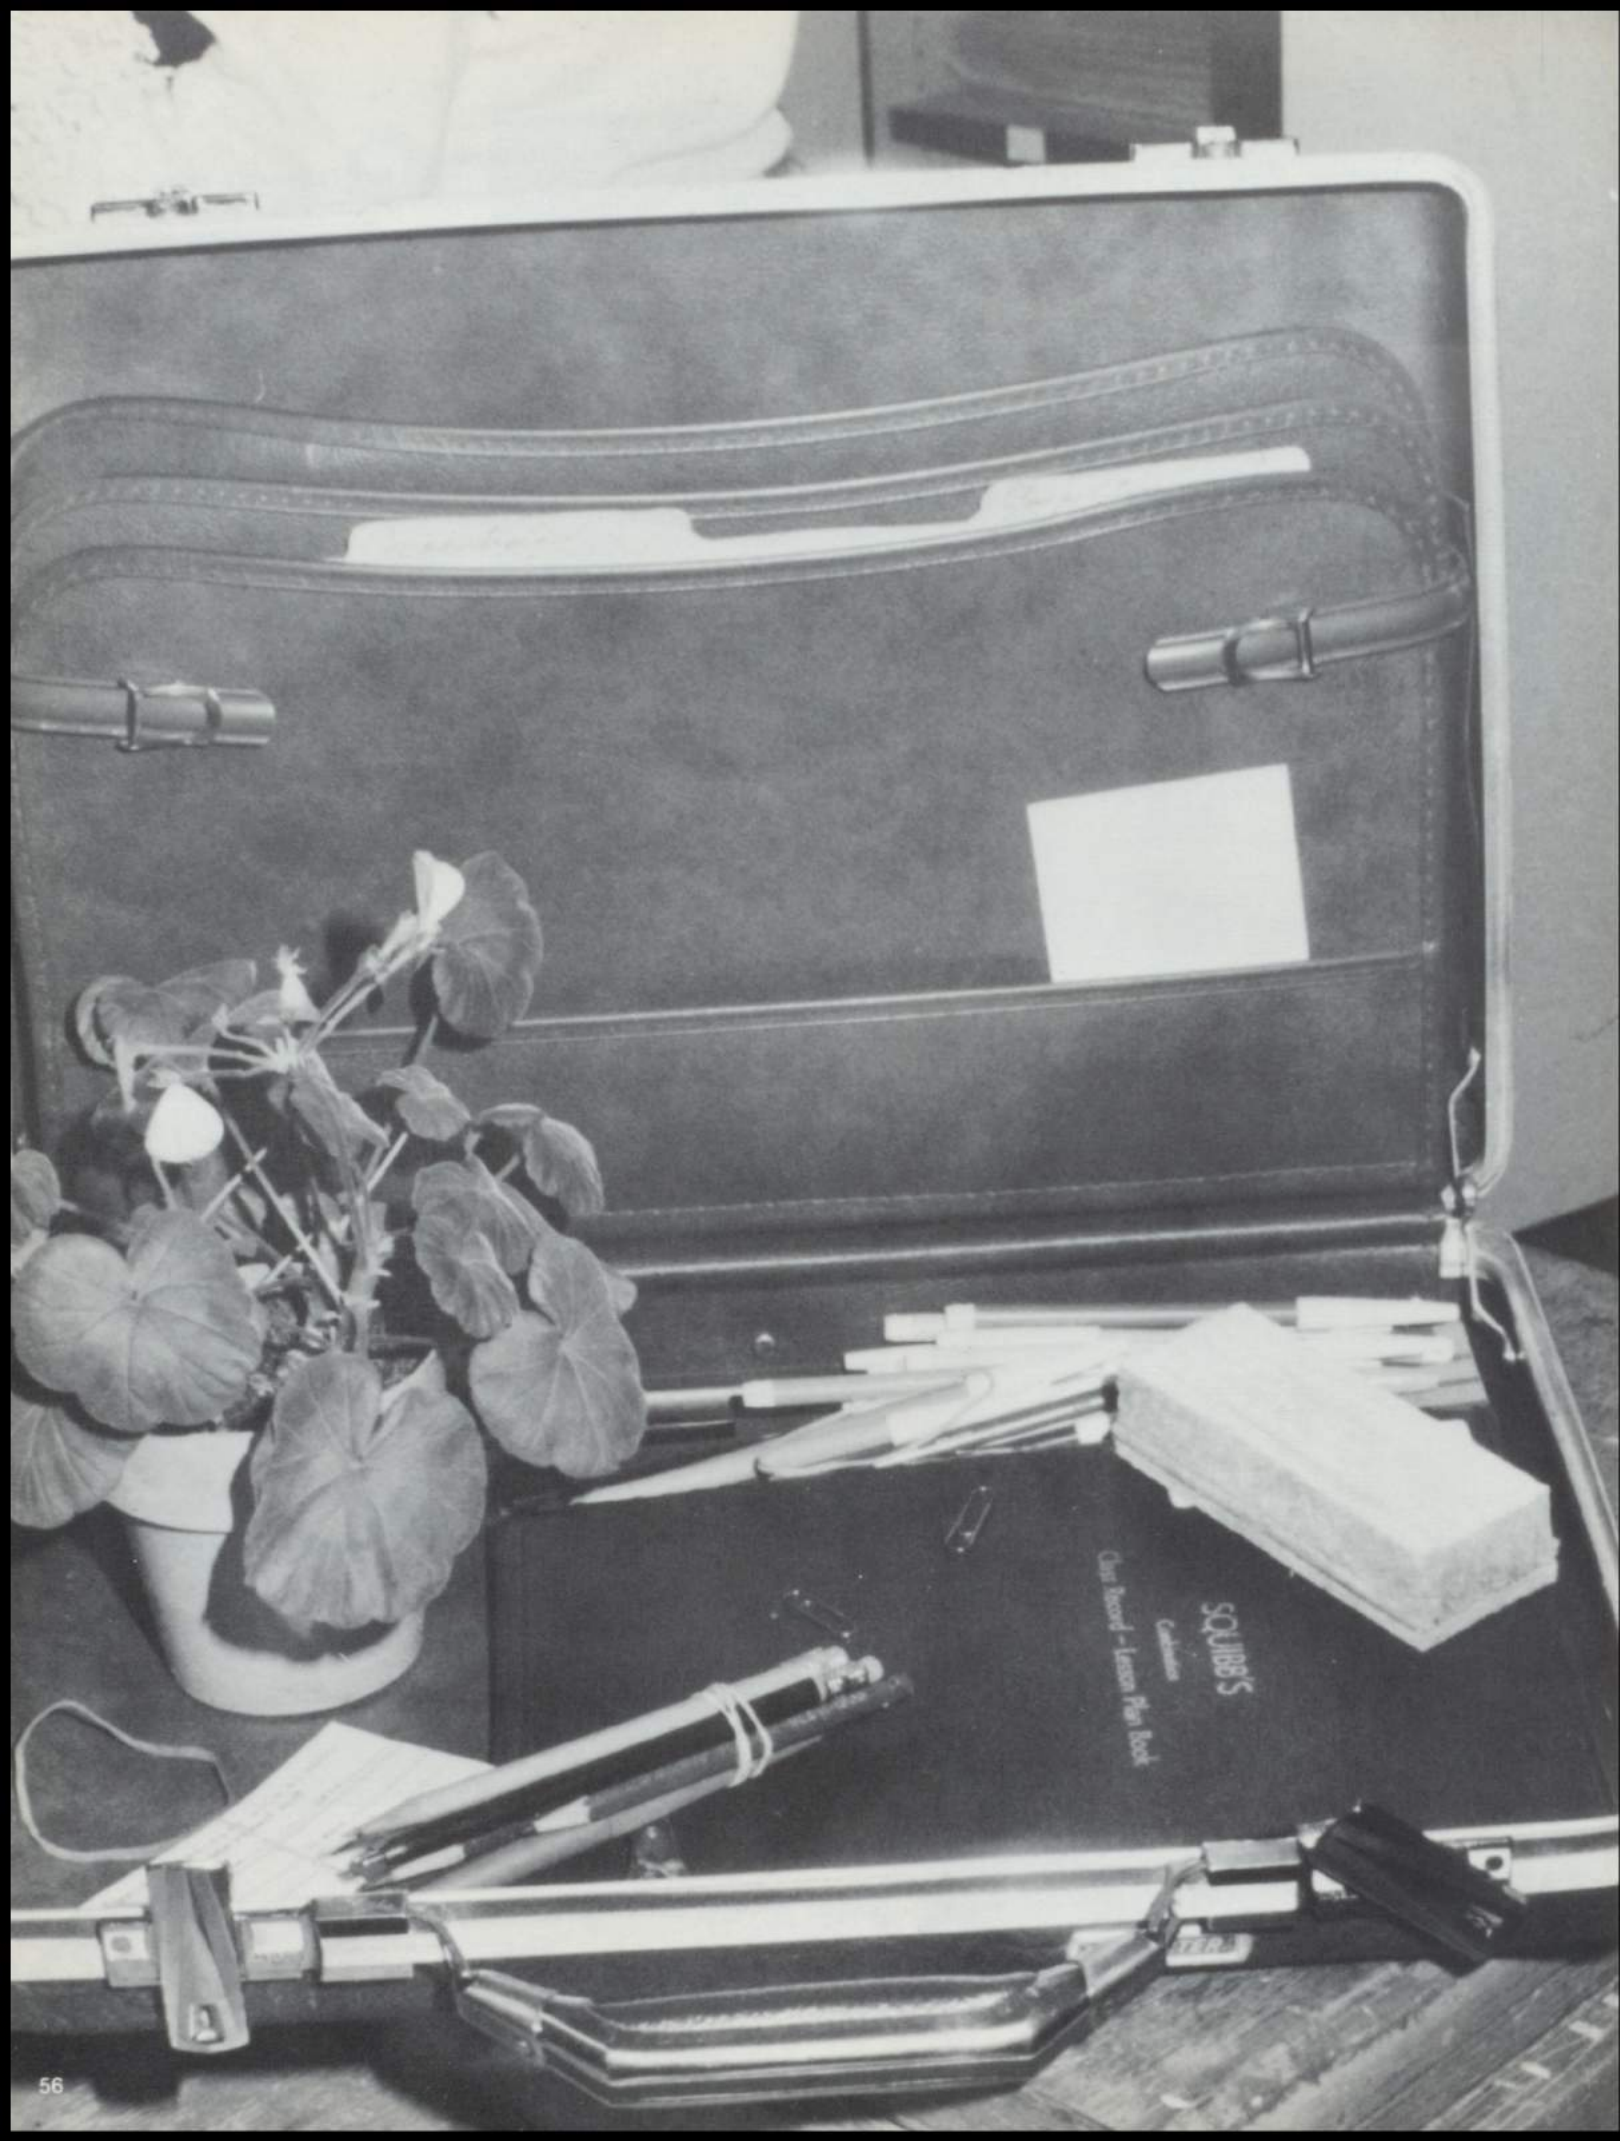

Left: Mr. Fiorenza's class in the new reading lab.

Below: The old study hall 361 A, B, C.

To accomodate the growing number of computer courses, more room was needed. Last year the computers were located in the viewing room in the library. This proved to be too small. Over the summer renovations were made. The old reading and writing labs became the Apple Core and the IBM P.C. Center.

The labs were built into the study hall 361. This seems to work very well. The new computer rooms are very popular with students.

Foreign Language

A member of the Board of Regents said that the vote should be positive in March, requiring three years of a language with no alternatives for a Regents Diploma. The Board is trying to "Europeanize" New York State by requiring a foreign language. U-E's Language Department believes that the students of U-E will approach a foreign language with a better attitude because it is not an elective, but is required. New York State is betting that every student has an ear for a foreign language, which is not always true.

Mrs. Delancey.

Health

Changing With the Culture

Health — Changing With the Culture

The Health Department has changed or revised some of the topics it teaches because the changing of our culture. For example, with the advancement of vaccinations, rubella, and measles are not covered in as much detail as they were before. Sexually transmitted diseases are covered in more detail because they are more of a problem then ever before. The health curriculum will continue to adjust as needed in the future.

Students in health classes practice CPR using special life-size dummies.

Students More Conservative

English Department

Believe it or not the students at Union Endicott are becoming more conservative as far as choosing their courses in the Phase Elective Program, which is used for juniors and seniors. This is strongly shown by the fact that Composition 3 was the most asked for course in the first semester and will probably be again in the second semester. The English Department is developing two new elective courses, Detective Stories and Advanced Composition and Logic. The Reading Labs were moved this year in order for the Computer Room to enlarge. They are now in the English wing where parts of the open study halls were located. The senior staff member in the English Department is Miss Roymeta Chaffee.

Mrs. McLain starts a yearbook meeting.

English

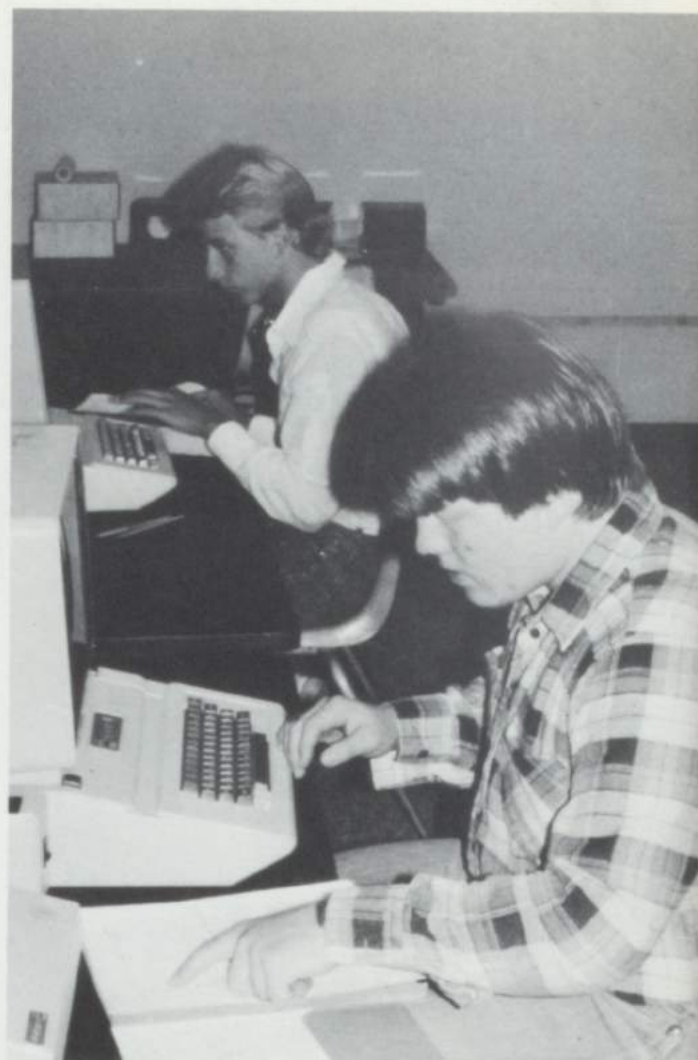

Mrs. Renehan takes attendance.

Mr. Anechiarico explains a point in English 9.

Business/Math Computer Room Enlarges

"The Core" has a new location this year; it moved from a small room off the library to a new larger room on the 3rd floor. The new room is located where the reading and writing labs were located caused the moving of the labs to 361C. There are two courses, Computer Science I and II. Mrs. Padykula and Mrs. Lane teach the classes. More assignments can be given because of the added number of computers. On the IBM computers, there are five Dot Matrix printers and one letter quality printer; while on the Apple side of the Computer Room there are twelve Apple computers, one letter quality printer, eight dot major printers, three silent printers, and one Hewlett Packard Plotter Printer. The students can either buy their own discs or use slave diskettes. There will be summer computer classes available.

Chris Danton and Dick Dreska doing their computer programs.

Mrs. Campbell explains a problem.

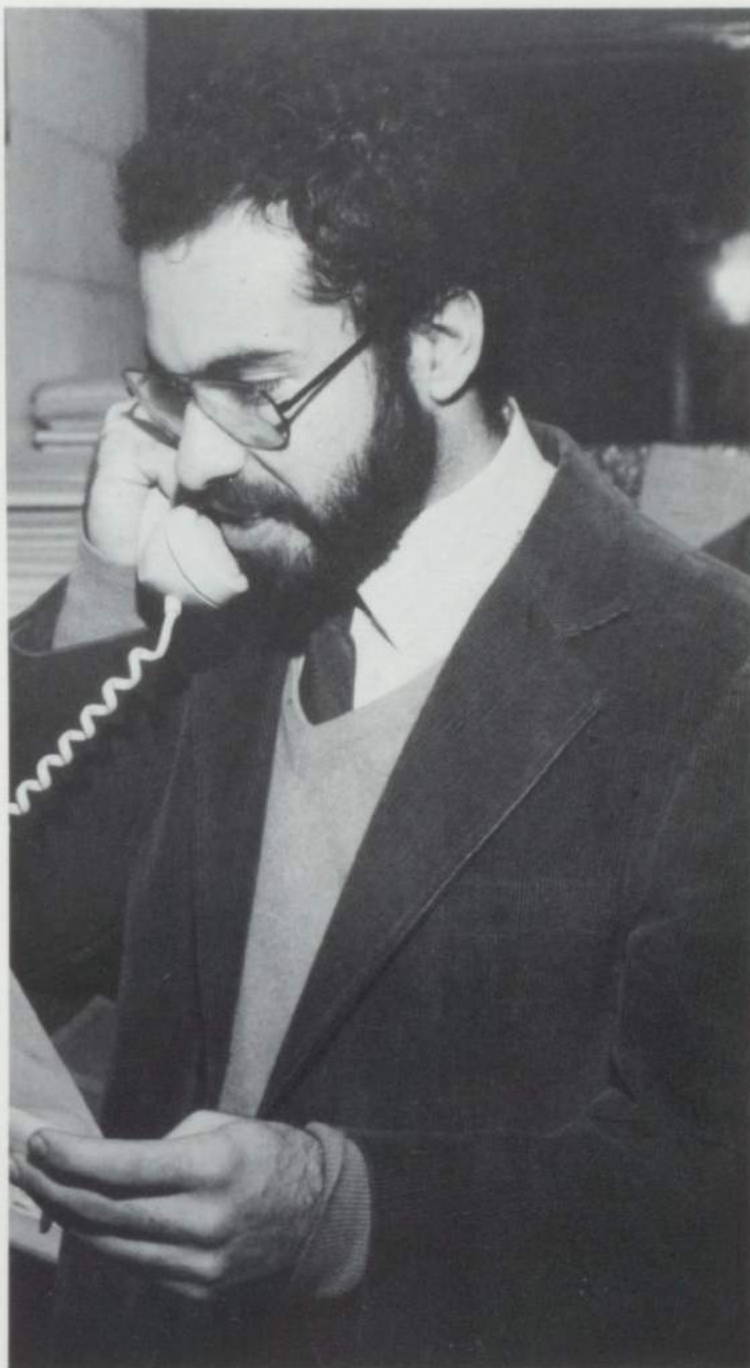

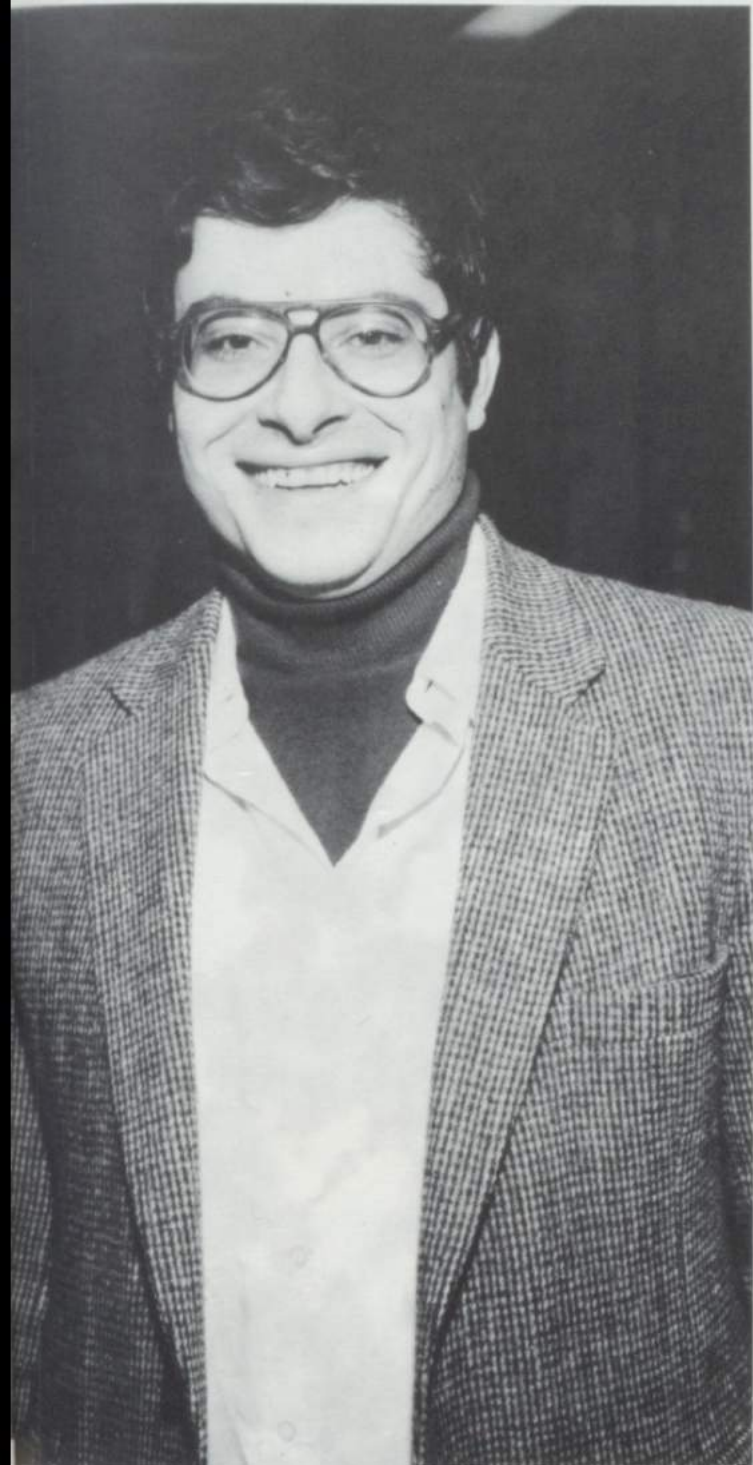

Mr. Miltz.

Mrs. Massara answers a question.

This year we have two masters of Arts and teaching students (MAT's) from SUNY Binghamton. These two men are responsible for a class for 20 weeks. They are supervised by two master teachers from this school. Mr. Wilson is master teacher for Mr. Steve Bawlings and Mr. Wayne Harvey is master teacher for Mr. Barry Krakowski. The master teachers evaluate their material and the way they present it.

Is it that interesting?

Good morning Mr. Guccia

Mr. Baird hard at work

Mr. Reisen

Music Department

The Office was enlarged over the summer causing one door to be sealed over and another door created. Mr. Dave Bolson is an addition to the band staff and Mrs. Jean Lefferts is the new director of the Orchestra. The music department, including 9th grade Band, Symphonic Band, Concert Band, Flags, Tigerettes, Rifles, Winter-Guard, orchestra and choruses are going to a music festival in Ocean City, Maryland, from May 3 to May 6. Last year they went to Montreal for the music festival and did very well. This year the music department is hoping for excellent results.

The Tiger's Pride marches into Ty Cobb Stadium.

The 9th grade saxophones concentrate on their music.

Welcome to U-E

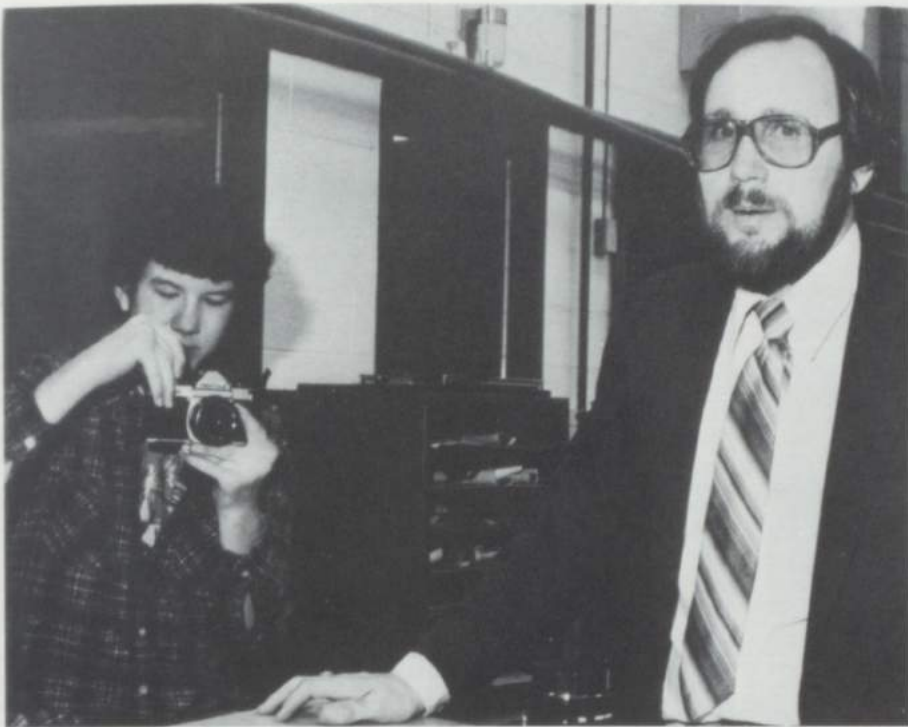

Art Department

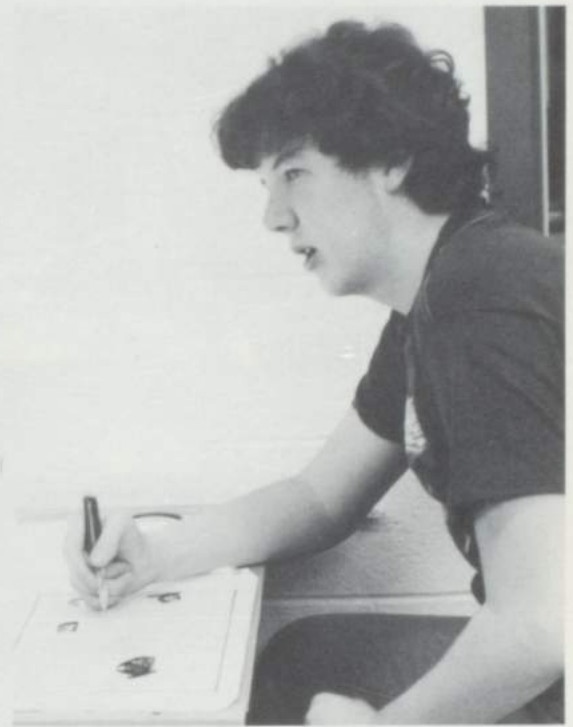

What are you making Chris?

Industrial Arts

Mr. Holmes instructs a photographer in Graphic Arts class.

A graphic arts student hard at work.

Home Economics

The Home Economics Department stated that their curriculum has not changed, but the learning experiences that the students are exposed to have changed. The Home Nursing course has not been reintroduced into the curriculum, but is taught every four semesters. The Home Ec. Department will have a student teacher in the spring.

Lake Ty Cobb

A tornado-struck home on Day Hollow.

Shredded Insulation left by the tornado.

Basketball anyone?

Anybody want to swim to Vestal?

These trees are missing something.

Okay, Who left the gate open?

In 1983-84, U.E. had its fill of natural disasters. Last June a tornado struck West Corners, leaving nothing but destruction. Twice this year, the Susquehanna flooded Ty Cobb stadium. As hundreds of us watched the water with mouths agape, such exclamations as "Wow!" and "Excellent!" were heard. Rumors of rats in the swimming pool and snakes in the locker rooms scared everyone, but canceled gym classes eased everyone's mind. The flood was an incredible thing to see.

The first National Knowledge Master Open took place December 6, 1983. It was open to all junior and senior high schools across the nation. Each school could have one team participate. Each school was then given a disk that contained 200 multiple choice questions. Points were awarded for speed and accuracy. Paul Baggett, Tom Conlon, Craig Haggett, Dean Elston, Kew Lee, and Jeff Portland made up our team. They finished third in the state and eleventh in the nation. We would like to thank each one of them for a fine representation of U.E.

 CONTRIBUTED MOST — Tom Havel

When we asked Coach Angeline if he had any comments about this year he said . . .

"Each team that passes through our proud U-E Football Tradition has its own unique characteristic. The trait that most set this 1983 Team apart from the others was, in our humble opinion, the ability to cope with adversity. What kind of adversity?

INEXPERIENCE: This was one of the least experienced clubs ever, with one returning offensive starter, and four returning defensive starters.

INJURIES: We set a record for injuries this year, caused both on and off the field. It was not unusual for this squad to be missing as many as five starters, and not necessarily the same ones, every week.

DISTRACTIONS: The bad press received over the summer baseball conflict during the beginning of practice in August was most unusual, as was the week-long bad "ink" surrounding E.F.A.'s ridiculous protest of a game that was one of the most courageous comebacks of any team, at any level, anywhere ever.

This team did not win the Championship this year. Nobody wins DIVISION I every year. However, they sure didn't have to apologize for posting a 7-2 record, including wins against two teams highly ranked in the State — Kingston and Bishop Timon of Buffalo. And to finish with that solid win over arch rival Vestal, again overcoming the previous week's setback at the hands of a very talented, and, for that game anyway, very emotional Binghamton Team, they have won what we consider the TRUE CHAMPIONSHIP — PRIDE and POISE. They certainly displayed an abundance of both.

For this, we congratulate them. For this, we shall never forget them."

COACH ANGELINE

Then we decided to ask some of the players for their comments

Q. — How do you feel about playing varsity football for a school like U-E?

A. — "It's the greatest place in the world to play. We have the best coaches and fans in the world. I wouldn't want to play anywhere else." — Vince Spinelli

A. — "I'm proud of it. It's a lot of fun." — Maurice LaFuze

Q. — Do you feel that injuries affected the team's performance this year?

A. — "Yes, some starters got hurt at the beginning (of the season), so everything got changed around a little." — Kurt Felton

Q. — Do you feel that there are any underlying pressures to be the 1st place team like the teams of other years?

A. — "Yes, the U-E football team has a lot expected from them." — Brian Jester

A. — "There's a lot of pressure. We feel that we have to win." — Paul Veruto

Q. — How do you feel about the attention paid to U-E by the press?

A. — "It's bad, whenever U-E gets beat, it's news. We don't get enough credit for the good things." — "Tank" Anderson

A. — "I don't think we get much. U-E seems to keep a low profile when it comes to the press." — Rich Avery

A. — "We don't need the attention. We do our work out on the field." — John Fiaco

Top Left: The team breaks from a huddle. **Top Right:** U-E always gets its man.

U-E J.V. Football Slaughters Ithaca 49-0

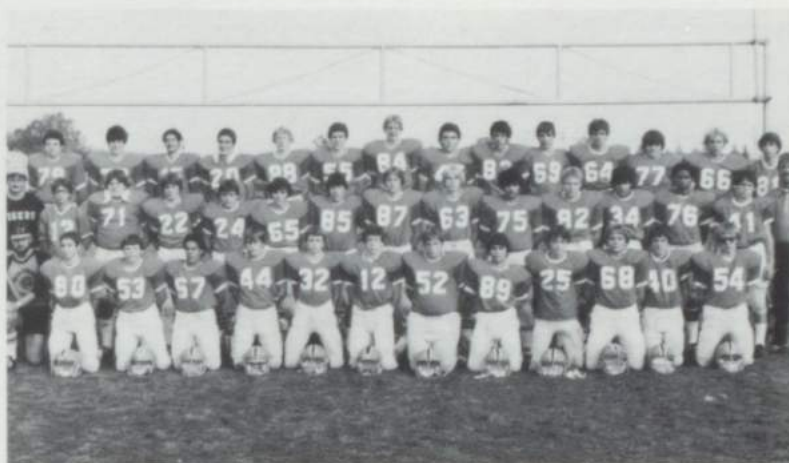

The Junior Varsity football team of 1983 had an overall winning season. The final standings were 5 wins, 3 losses, and no ties. The future Varsity football teams will have many excellent players.

Inconsistency and injuries hampered this year's efforts, but another step was taken toward the future success of U.E. Soccer with moments of brilliant team play."

Coach Materese

This year's soccer team has had a lot of good players. The Most Valuable Player was Kyle Zandy who later became an All League Fullback. Nino D'Angelo was given the honor of Division I Fullback along with Tom Quest who was appointed Division I Forward. Tom also tied the career assist record, is third in career total points, fifth in single season assists, seventh in career goals and ninth in single season total points.

The boys' cross-country team had a season record of 5-4 Dual Meet and a S.T.A.C. record of 5-4 Dual Meet. Their S.T.A.C. Division standing was third. A team highlight was that they consistently placed in the top five in the invitational all year. Most Valuable Player, Todd Leonard, placed fourth in Section 4 Championships, qualifying him to run in the state meet. Don Menrisky qualified as an alternate. They both ran consistently among the top runners all year. The girls' cross-country team of 1983 had a season record of 2-7 Duals and a S.T.A.C. record of 2-7 Duals. They were placed fourth in the S.T.A.C. Division standings. Carol Wortman was given the award of Most Valuable Player because she "was our best in every race she ran in."

We decided to interview some of the players of this year's basketball team and find out a little about them and their feelings about the season.

Q. — "Who or what is the biggest influence in your playing basketball?"

A. — "My parents, they got me involved in it at IBM when I was young." — Bob Patterson

A. — "My dad, he encouraged me to follow in his footsteps and play basketball because he played when he was young." — Mark Saunders

Q. — "Are you having any trouble adjusting to a whole new team this year?"

A. — "No, last year was when I had my trouble adjusting. This year I'm much more a part, so I didn't have any trouble." — Joe Murray

Q. — "Do you find it hard to live up to the reputation of last year's team?"

A. — "Yes, it's hard to live up to a team that goes to state finals." — Paul Kovarick

A. — "Yes, because U-E's fans are always looking for a great season from their teams, and it's hard to live up to people's expectations."

— Rob Mills

Q. — "What are your plans after graduation?"

A. — "I'd like to go to college to study electrical engineering and computer science." — Joe Murray

A. — "Pre-med school." — Bob Patterson

A. — "I'd like to play sports in college." — Greg Prusia

Q. — "Any comments about the team in general?"

A. — "We started out slow, and certain things didn't work out. The season will improve." — Paul Kovarick

A. — "We have a young team. I think that whatever we put into it is what we'll get out." — Rob Mills

A. — "It's fun. This year's team is good; not as much super-talent, but we are having fun, and that's what counts." — Joe Murray

A. — "I think we have a chance. And we're having a lot of fun this year." — Bob Patterson

A. — "We're improving day by day. And we hope to be in the STAC play-offs." — Greg Prusia

A. — "I'd say that by mid-season we are not to be reckoned with." — Mark Saunders

The Tiger's Pride is celebrating its 56th year in an outstanding way. The band topped the school charts and state record for the largest band in N.Y., and the largest band in U-E's history!

This year's half-time shows emphasized the band's excellence in performance and musicianship. Their shows include such great hits as New York! New York!, played at the October 1st game, Sophisticated Ladies, played at the October 8th game, the Charleston, played at the October 22nd game, and Waiting for the Robert E. Lee, played at the October 29th game.

But although we know the band for their excellent execution of the half-time shows at our home games, they've performed at such great events this year as the Buffalo Bills vs. the New York Giants game. Performing a half-time show for well over 20,000 fans and the infamous Mark Gastineau!! They also did the half-time show at the Meadowlands for the Giants vs. the Philadelphia Eagles game.

Half-time shows are not all the band is famous for, though. There's also the annual Band-o-rama, Veterans Day parade, and the annual Endicott Christmas parade.

I'd say the Union-Endicott marching band celebrated its 56th year in style. Way to go, Tiger's Pride!

HELP! ►

Sophisticated Ladies!!

And a 1, 2, 3, 4, . . .

The Tigerettes celebrated the band's 56th anniversary with changes. For one thing, a choreographer was hired to make up new routines for many of their half-time shows, such as New York! New York!, Sophisticated Ladies!, The Charleston!, and Waiting for Robert E. Lee! Each Tigerette was assigned a number to make the execution of the number easier. Another change was the replacement of the traditional orange and white uniforms with the New York style tuxedo with bow tie, hat and cane. We can all say those changes were for the better.

Way to go Tigerettes!

Members: Captain Lynn Cicciarelli, Sharon Brown, Lee-Ann Barnum, Beth Gance, Julie Druga, Moira Donaldson, Vicky Dyer, Nadine Gould, Marybeth Hill, Lynn Holoskan, Kim Jorgenson, Chris Carl, Colleen Kranefuss, Kristen Krzyzewski, Kim Kubisa, Jennifer March, Kathleen Nezelek, Laurie Onufer, Claudine Paccio, Gail Poochigan, Kim Prebish, Kim Reif, Lori Severance, Robin Stopper, Karen Titti, Mellisa Witham.

Top Right: How long do we have to stand here? Left: Captain Lynn Cicciarelli leads Tigerettes. Center Right: Between numbers, Tigerettes pose for photographer.

The Charleston!!

No band would be complete without the color and class of the flags and rifles. They add a sophistication to the half-time shows that no one else can march. All the members participated in all half-time shows at away games and at the Buffalo Bills game. During one half-time show, the flags and rifles danced to the tune of "The Charleston."

FLAG CORPS — Susan Annis, Lisa Bates, Tiffney Beers, Coreen Benham, Becky Blackwell, Lisa Bronner, Elaine Campbell, Jackie Casella, Michele Costiglione, Lisa Coleman, Paula Day, Laura Dillman, Barb Drosdick, Paula Farrell, Traci Farrell, Zanira Fenton, Chris Guglielmi, Heather Hankey, Laurie Jennings, Anne Krmeneč, Lynn Kurkowski, Michele Lindsay, Edie Maas, Michele Michaels, Joan Monachello, Debbie Morton, Michele Mundy, Julia Prymak, Tracey Redolphy, Lisa Roma, Pennie Rowe, Jamie Shattuck, Liz Simpson, Janice Spencer, Deborah Stupka, Janelle Terpack, Lisa Tomick, Renee Totten, Erin Wales, Gale Warnes, Donna Wiltsey, Tera Wolfe, Chris Zayac, Maureen Zeccola.

Honor Guard!!

You know them, they're just the ones who don't always get a lot of recognition. They're the smallest group in the band, and yet at times, they seem the most dominant. They're the first to be seen rounding the corner before the pre-game show and the first to march off the field. They tell people who we are and who they are. They are the Honor Guard. Without them who would know that we're Union-Endicott High School. They're the symbol of tradition and a trademark of the "Tigers Pride."

MEMBERS — Chris Greci, Karen Klish, Tammy Lombardi, Kristen Pencek, Pam Picciano, Lori Rittle.

Top Right: The Honor Guard in action on the Ty Cobb field.

Bottom Right: The Honor Guard leads off the Washington Avenue Winter Parade.

Color and Class

Yes! They're back! Remember hearing how the U-E Winterguard was undefeated last year? Because they did so well, they soon became well known. Now they're bigger and better than last year! They won first place at most of their competitions even though they moved up a class. They placed fourth in the Northeast Regional, and are in the top ten high school guards of the Nation. Winning their class again this year looks promising.

Winterguard is composed of skilled Rifle and Flag members. This year sabres were added. The Winterguard's style is sophisticated and feminine, and the uniforms are rose and burgundy with lace trim. Next Winter, when you hear about a Winterguard Competition, check it out! It's fun to watch, but probably more thrilling to be in.

Members of the U-E Winterguard:

SILKS — Tiffany Beers, Lisa Coleman, Laura Dillman, Paula Farrell, Zanita Fenton, Laurie Jennings, Elizabeth Simpson, Sarah Taylor, Renee Totten, Donna Wiltsey, and Maureen Zeccola.

SABRES — Tricia Cassella, Vicky Dyer, Linda Jennings, Amy Seminski, and Kris Zimmerman.

RIFLES — Jennie Cammarata, Laurie Iobst, Kim Kryzewski, Kim Mason, Julie Pembleton, Rebecca Romanowski, Lisa Seminski, and Maria Stacconi.

MANAGERS — Todd Harvey, Cheri Vanburger, Patti Kelly, and Kelly Wood.

It was a cold night, a very cold night. Most people just wanted it to be over with so they could go home, get pizza or go to the Homecoming dance. But everyone 'roughed' it out. And the wait was worth it. We first saw the candidates in the pre-game show as they drove out in Corvettes which were supplied by the Corvette Club. They were cold (It was even rumored that under those beautiful gowns they were wearing long johns). The football game was going well by half-time, and most of the people who were not freezing were in good spirits (Some more than others). Everyone was anticipating a good Homecoming and they got what they wanted. The candidates for the 1983-84 Homecoming Queen filed out to the football field and stood as the reigning Queen, Lisa Avery, came to give the crown away. The person who accepted that crown, the new 1983-84 queen was Lisa Mondelli. She was elated at being picked, and the student body that voted for her could not have made a better choice. Lisa is a Junior Volunteer at Wilson hospital. She works part-time at Wendys and some day hopes to become a nurse.

Court

For the guys it wasn't a very warm night either. Some were down playing football before the dance where the King would be crowned. Others were in the stands hoping for a quick game so they could get into the warm gym. When the game was over, the football players rushed to get dressed and out to their escorts. It's not easy keeping a suit in your football locker without it getting wrinkled either. When the players had dressed they met their escorts, taking them to the dance and then out to dinner. All enjoyed themselves at the dance where a local group entertained all with their outstanding rock music and good tunes. The candidates for King stood around waiting for the announcement that Vince Spinelli was the new 1983-84 Homecoming King. He also was elected to be King by the entire Union-Endicott High School student body. Vince teaches basketball to young boys at the Boys club.

The mathletes is a program made up of five ambitious students whose high grades in math allow them to compete at area high schools in math competitions. The members are Laurie Jennings, Kew Lee, Steven

Reed, Paul Bagget, and Bryan Conant. This year's mathletes did well and the school is very proud of them.

Directed by Mrs. Cantrowitz, the National Honor Society is a rather exclusive club. But the competition to get into it is half the fun. First of all one must apply to get into NHS, and your application acceptance is based on high standards in academics, leadership, community service, and character. To be inducted into the club in June of one's junior year, he must have achieved an average of 92 or above. However, to be inducted in January of one's senior year, then one must have achieved an average of 88 or above. The National Honor Society is known for its work on such things as tutoring, the blood drive, Sadie Hawkins dances, food drives and much more.

MEMBERS — Members inducted in June of 1983: Laura Arthur, Paul Baggett, Brian Conant, Thomas Conlon (Pres.), David Cowan, Glenn Dolphin, Timothy Dougherty, Jamie Elston, Kevin Ennis, Anthony Ferraro, Derrick Garmire, Michael Haggett, Thomas Havel, Laurie Jennings, Patti Kelly, Kim Krzyzewski (V. UEHS

The Union-Endicott High School Student Government is not exactly like the Senate, or even the House of Representatives, but they're the next best thing! Most kids think joining student government is a way to get your name and picture in the book without doing anything. Well, that is not true! The student government arranges Dine-A-Mate sales, canister sales and senior magazine sales. So as you can see, those people in your homeroom whom you have elected as your homeroom representatives really are doing something. Join in the fall next year and participate in student government.

Boston

Do you remember that great Donkey Basketball game that was held in the gym this year? Well, did you ever stop and think about who was holding that historic event? The history club, of course, and if you are going to be a junior or senior next year, then you will just have to give the club a look. Their major event this year was the trip to Boston and from what we hear, it was a blast. The Donkey Basketball games proceeds go into the fund for the trip. The trip is educational, as well as fun. Students visit historical sights. This year's major attractions were Bunker Hill, the Old North Church and Paul Revere's House. Students are taken to Boston on chartered buses for two great days of sightseeing. So next year when you're looking for some fun, look into the History Club.

Have you ever wondered what kind of effort goes into the creating and publishing of a yearbook? Sure, you have it now and you probably couldn't care less, but stop and think how much hard work and time goes into the finishing of 256 pages. Each section, which averages around 30 pages to a section, has to be drawn up on practice pages. Pictures have to be taken and cropped; copy has to be written up and then typed; final drafts have to be drawn up on layout sheets; and then all the work is edited. After the Editor, Michele Maxson, and the Co-Advisor, Mrs. McLain, look over the layouts, they're sent back to the section editors to be redone. So as you can see, much hard work goes into the making of the yearbook.

From all the staff, we hope you enjoy your yearbook and will keep it as an everlasting memento of your high school years.

The Mouse That Roared!!

It all started in a small country in Europe. Modern times, population 6,000 and a declining economy. The little country's only export was wine, but the Californian wineries have taken over the wine market practically. So the little country, which is edging toward bankruptcy, declares war on the United States. The little country's plans are to get money from the United States out of the war. But it all backfires on them. If you went to see the play you know how it all ends! The Mouse That Roared! was the production put on by the drama club this year. The money raised by the play helped finance the club's trips to a Broadway play in New York City and to SUNY-Binghamton to see their plays. If you are interested in the Drama Club, drop in and see Ms. Jaes. The club is always looking for new members. So get out there and 'Break a Leg'!!!

Reed & FHA

THE REED

The Reed is a literary magazine published bi-annually. It contains the creative writing of students throughout the school. The creative writing can be anything from stories to poems. You don't have to be on the staff to contribute. The advisor Mrs. Manker hopes to publish more than two magazines a year so anyone's contributions would be greatly appreciated.

FUTURE HOMEMAKERS OF AMERICA

FHA is an organization for Future Homemakers of America. There are 20,000 chapters in the United States. Their goals are to do things for the community, school and families. Last year a small group of members attended a State meeting at Grossingers resort.

Key and Kay Club

The Key Club, under the careful guidance of Ms. Coccetti, has had a very productive year. The club really fulfilled the meaning of Key Club when they served their community, school and church through their projects. The Key Club kept busy this year with such projects as the Halloween party at the pediatrics ward in the hospital, the Thanksgiving food drive and the annual teacher appreciation day. Also at Christmas Key Club volunteers rang bells at the chimney on Washington Avenue for the Volunteers of America. But the Key Club activities are not all work and no play. All danced to the music at the Leukemia Rock-a-thon, and there were no gutter balls as many bowled in a bowl-a-thon for the special ed class. The Key Club even goes on trips. This year's convention was a three day affair where high-ranking members of the Union-Endicott Club met with delegates from other clubs. The convention was held at South Fallsberg, New York. The delegates from U-E stayed at a hotel and attended the conference to find out what they could do to improve their club and to share information helpful to other clubs. This year one of the greatest projects that the Key Club worked on was the famous Special Olympics. The club brought joy to the faces of many in the community, and the school really appreciates the work they have done. Bon Voyage, Arrivederci!!

Top Right: The Architecture Italy is famous for. Notice the facades of the houses.

Would you like to travel abroad? See the world? Experience a new type of culture? You can! The language department sponsors trips to France, Spain, Italy, and many more places. The trips are usually taken during Easter vacation and they last a week to ten days. In the spring of '83, a group chaperoned by French teacher Mrs. Feher went to France and saw such sights as the Eiffel Tower in Paris, France, and the sidewalk cafes France is famous for. Another expedition, headed by Spanish teacher Mrs. Wahila, went to Spain and saw the famous bullfights, and they could even go up on the mountain and play in the snow, in 75 degree weather. The students who had gone on the trips listed their favorite sights from the stores to the discotheques. Everyone raved about the food and the price of things was so cheap considering how much the American dollar is worth in France — You might even be able to buy an outfit in France, go back home and find out that it is the style at home later on.

If you are interested in going on one of the many fantastic trips the department offers, then drop in and talk to someone in the language department.

Français et Italien

The French and Italian clubs had a prosperous year. Each sold numerous items to raise money for their trips to New York City (Italian club) and Toronto, Canada (French club).

Some of the items that the Italian club sold were as follows: Worlds Finest Chocolates, Gertrude Hawks candies, stationery, ornaments, and posters. While in N.Y.C., the Italian club saw Ellis Island, the Statue of Liberty, and the United Nations building. Also while there, they feasted on an Italian dinner. One of the best dinners they ever had, some remarked.

The French club, while in Toronto, saw such famous sights as the Casa Home castle and the CN Tower. Among the items they sold were posters and candy.

If you are a member in good standing with the Italian club, you might be a recipient of their scholarship. The students who are trying for the scholarship are judged by their club participation.

Art and Spanish Clubs

The Art club has had a very busy year. This is their first year as a recognized club and they proved their worth with the many tasks they took upon themselves. The club has many shows, and exhibits their art each year in the 'Tree Room' or lobby (it has been called both). At the end of every year the club gives a scholarship to the two seniors (one boy and one girl) who have proven themselves worth it. Members of the club have won many prestigious awards for their work. U-E boasts a well developed art department, and it shows in the students who leave from it to go on to art, commercial design schools.

The Spanish Club (there was no group photo) has had a good year in sales. They hope to get enough money to go to

Order in the Court!!

The most common question a mock trial team member hears is "What is Mock Trial?" It's hard to give an exact answer to this. Every year, New York State Bar Association distributes a court case to all New York Mock Trial teams. Each team then prepares both sides, of the case, plaintiff and defense. Our trials are held on Tuesdays and Thursdays at City Hall or the Binghamton Courthouse building, in front of real judges.

The goal of our team is to make the state competition, which is held in May at Albany.

Last year the team finished fourth in the state, and we are currently 2-1 after a first round loss to Binghamton. A team is eliminated after 2 losses, so we are all working hard to reach county finals.

This year's case is about a suit filed by a model against the owner of a social club. The model's car was struck by a driver who had spent the evening at a social function at the club. The model's career was ruined, and she alleges that the driver of the other car was drunk. She is suing the owner for negligently serving alcohol to the driver.

Members of the Mock Trial team include:

Advisors: Mr. Wayne Harvey, Mr. Richard Lewis, Mr. James Carpenter

Members of the Plaintiff side — witnesses and victim: Julia Prymaka, Model; Kew Lee, a person at the party; Brenda Kilgore, officer at the scene of the accident

Members of the Defense side: Laura Akogi, club owner; Dean Elston, Driver; Holly Ceccherelli, person at the party

Plaintiff's Lawyers: Tom Conlon, Michelle Rittenhouse, Paul Bagget

Defense Lawyers: Joe Watkins, Brian Yusko, Pat Pakel and Jennifer Bean as Official Document person

Alternates: Dave Perkins, Liz Cantonese, Jeethun Lee, Ellen Case, George Laughney, and Lisa Jeffery

Mock Trial is open to any U-E student. Michelle Rittenhouse holds the honor of being the first Freshman to ever make the team. However, anyone who is willing to dedicate some time, and is interested in the law, theatre, or debate is welcome to join the team. Practice takes place during extra help period.

Ninth Grade Band

The Ninth Grade Band is composed of students in their freshman year. They are placed here by their previous teacher's recommendation. The band plays music which has been chosen for them by NYSSMA, New York State School Music Association. These students are encouraged to take private lessons and are required to take school lessons. The school lessons prepare them for concert and symphonic bands. This year the Freshman Band performed with the concert and symphonic bands at Ocean City, Maryland.

The Orchestra performed such songs as The January, February March, Clair De Lune, 1st Symphony in C Major, Lara's Theme from 'Dr. Zhivago' — and Symphonic Reflections — Superstar, Don't Cry For Me Argentina, King Herod's Song, and Memory.

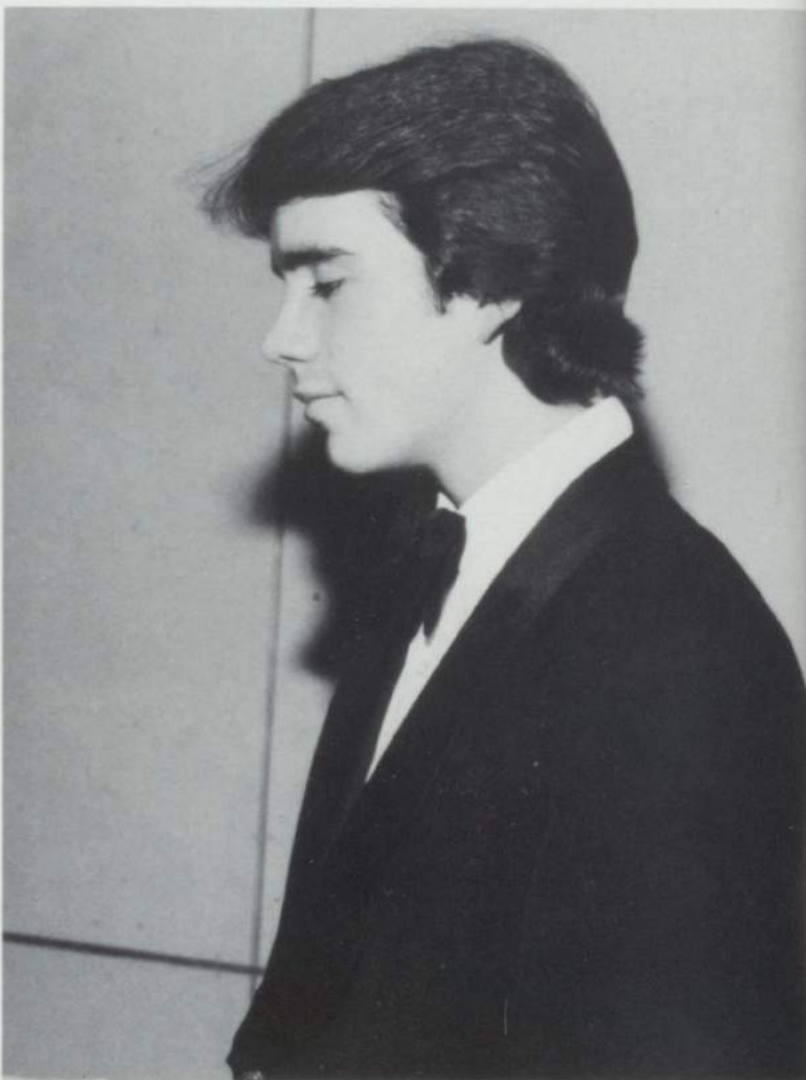

Concert Band

CONCERT BAND — The Union-Endicott Concert band is comprised of advanced musical students in grades ten through twelve. Each student must take an audition before being able to be in the band. The band has daily rehearsals in which sight reading material and Concert material is practiced. The Concert band made a trip to Ocean City, Maryland, in early May and throughout the year students performed concerts at the school for the school and the public. Private lessons are recommended for all musicians and school lessons are required.

CONCERT BAND MEMBERS (Listed Alphabetically) — Sue Annis, Laura Arthur, Jeanne Audino, Chuck Benson, Becky Blackwell, Laura Bobrowski, Julie Brooks, Diane Brown, Elaine Campbell, Chris Carlsen, Angela Carpenter, Jacquelyn Cassella, Holly Ceccherelli, Jim Cheer, Maria Ciccirelli, Steven Crimmins, Cathy Cuffaro, Paula Day, Debbie Dinardo, Glenn Dolphin, Dave Duguid, Michele Dumoff, Jean Farley, Zanita Fenton, Scott Fenty, Gerald Fitzgerald, David Fusco, Kathy Goodwin, Todd Harvey, Bryan Hoke, Chris Huck, Laurenda Iobst, Laurie Jennings, Rita Julian, Patricia Kelly, Chris Knaus, Joanne Kopcho, David Krzyzewski, Kim Krzyzewski, Kristen Kryzewski, Alysse Kulikowski, Lynn Kurkoski, Chris Malack, Jerry Malloy, Mike Manning, Lisa Midyett, Al Miller, Cathy Miller, Heather Miller, Wendy Miller, Tom Natoli, Caren Osler, Rodger Park, Julie Pembleton, Pat Rasile, Tracey Redolphy, Laura Repinecz, Jon Rittle, Tom Ritz, Tanya Rushanski, Jerome Rutkowski, Pat Salamido, Jaclene Scordino, Lisa Seminski, Ted Siegle, Liz Simpson, Cynthia Snow, David Teed, Renee Totten, Cherilyn VanBurger, Christian VanCampen, Philip Watkins, Debbie Woods, Brian Zechman, Todd Zembek, Mike Ziemba.

NEW ORLEANS! JAZZ! THE BIG APPLE!

The Jazz ensemble is a program opened to students in grades nine through twelve. The students must be in concert band in order to play in the ensemble. The group provides a setting in which advanced instrumentalists may come to understand the various aspects of performing in a jazz group. The ensemble performs for the public, as well as for school assemblies. They also perform in jazz festivals, competitions and on trips.

MEMBERS OF JAZZ I — Eric Albrecht, Laura Arthur, Steve Butterworth, Al Cron, Sean Delaney, Debbie DiNardo, Brad Eaton, Scott Fenty, Gerry Fitzgerald, Todd Harvey, Arren Horan, Ken Krzyzewski, Alysse Kulikowski, Gerry Malloy, Cathy Miller, Tom Natoli, Pat Rasile, Laura Repinecz, Tom Ritz, Shannon Roma, Chris Vaber, Chris VanCampen, Phil Watkins, Mike Ziemba.

Symphonic Band

SYMPHONIC BAND — U-E Symphonic band is made up of students in grades ten through twelve. These students either move up from the ninth grade or are placed in the band based on their audition scores. This does not mean that the band is of lower quality than the Concert band, it just plays music at a lower level of difficulty than the Concert band. Members are required to take school lessons, and private lessons are recommended to improve their skills. The Symphonic band performed two concerts at the high school as well as one at Ocean City Maryland this year.

Tigers Sing Too!

Do you enjoy singing? Do you feel you are a Pat Benatar, Linda Ronstadt, Rod Stewart, or Michael Jackson? Then you should look into the U-E Chorus. They have a lot of fun singing hit tunes, and you don't have to have an audition to join. But if you're a competitive singer, U-E still has what you want in a chorus. It's called the U-E Chorale and auditions are required for participants. The music that the Chorale sings is more serious and more difficult. Who knows, someday when you're out of high school and out on the road singing at night clubs, you might be discovered; and you, yes you, might even become another Adam Ant or David Bowie, maybe even a Joan Jett. So why don't you give the chorus a try? You'll have a blast at their annual car wash.

MEMBERS — (Listed Alphabetically): U-E CHORALE — Cynthia Allen, Jeffrey Baker, David Barnauskas, Susan Bilkos, Becky Blackwell, Mark Bricker, Angela Carpenter, Katana Carr, Mary Colgan, Betty Conklin, Kirsten Corl, Jodi Crisman, Paul Crooks, Tracey Cruz, Judith Cuddihe, Paul Daniels, Christopher Eck, Pamela Eck, Cynthia Ellis, Rebecca Ellis, Jamie Elston, Andrea Farmer, Erin Fields, Patricia Gerchman, Michelle Gonzalez, Laura Huntington, Charlynn Jones, Kim Jorgensen, Michelle LeMay, Kim Mason, Lisa May, Lisa Mecca, Robert Melnyk, Cathy Miller, Anne Moody, Loren O'Loughlin, Robert Pettit, Nandira Ruchandahl, Ruth Shirley, Renee Totten, Paula Tozer, Susan Tregaskis, Kim Utter, Kim Vassil, Darlene Wallen, Kristina Zimmerman, Christine Dearborne.

This Is Your Life!?!? . . .

This year the Student Life Section decided to do something a little different. Since this section deals with students lives we decided to see what the interests of some U. E. students are, and how they compare with those of other U. E. students! We issued a survey to all the homerooms, giving everyone a chance to have a say in the results. Throughout the next few pages, we will announce the results. ENJOY!

How Much Sleep Do You Get?

- ☐ Too Much
- ☐ Not Enough

Erin Wales awakens from a siesta.

Sweet Dreams, Lisa.

Do U-E students get enough sleep? Here are the results; judge for yourself. 55% of U-E students go to bed between 10 and 11 o'clock while the smallest number only 1.6% go to bed between 8 and 9. Also, 64% get up between 6 and 7 o'clock, showing that most students do get 8 hours sleep. However, 8 hours might not be enough, as shown in the pictures above.

Mary Ellen G. and Liz G. faithfully do their Trig. homework.

Our survey asked U-E students what their favorite subject is. Everything from art to Study hall was mentioned, and 43 people chose lunch. But of the main subjects, Math, finished first, followed by Science, then Social Studies, with English bringing up the rear.

When we asked U-E students what their favorite soap opera is, we received a variety of answers. One person even made up their own soap, putting down "As the Stomach Churns" as their favorite. But the real contest was between "The Guiding Light" and "General Hospital." The G. L. won with 613 votes, while G. H. received only 145.

Cathy Tomaine watches "The Guiding Light" as Philip Spaulding and Beth Raines make a plan to escape from Bradley.

We also asked in our survey what your favorite celebrity and television shows were. Here are the results in order of popularity:

Celebrities

1. Mr. T
2. Eddie Murphy
3. Tom Selleck
4. John Stamos
5. Clint Eastwood
6. Richard Pryor
7. Burt Reynolds
8. Sylvester Stallone

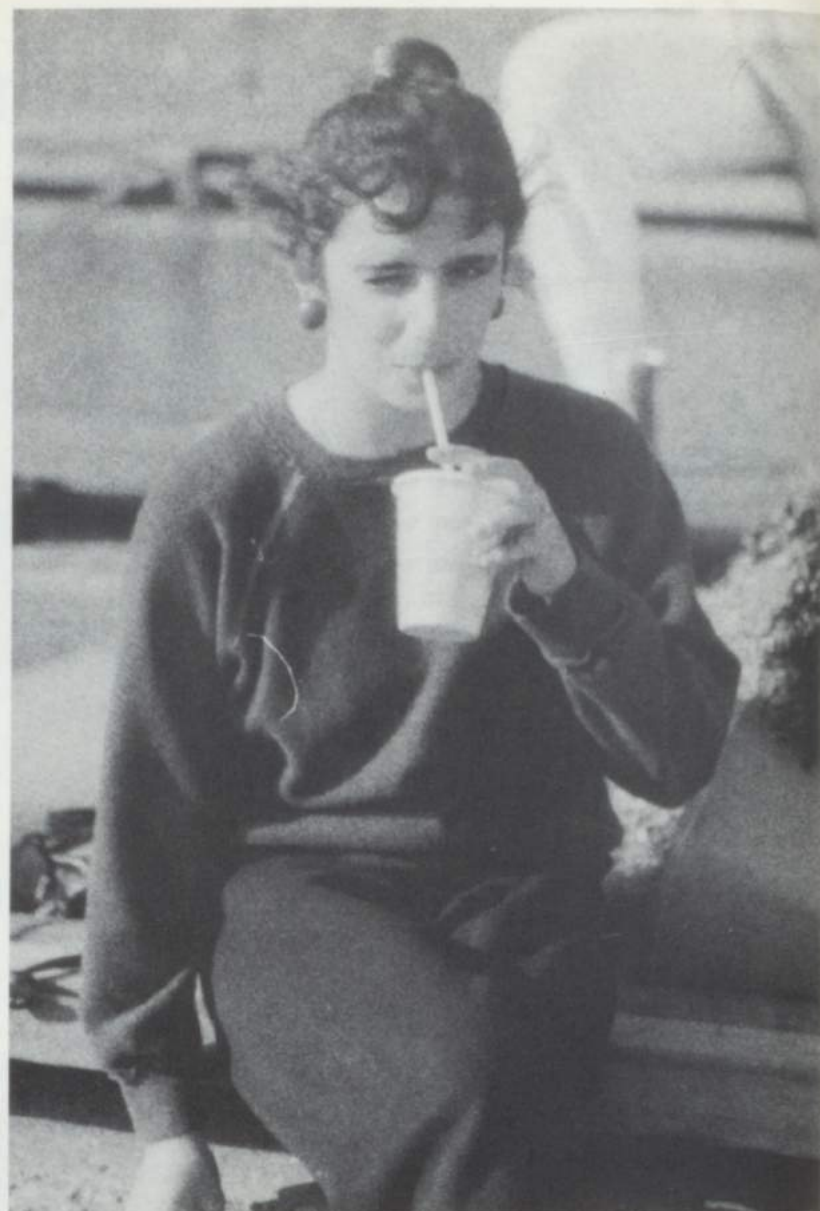

T. V. Shows

1. The A Team
2. Cheers
3. M*A*S*H*
4. Magnum P. I.
5. Simon & Simon
6. MTV
7. Hill Street Blues
8. Night Rider

FOOD!

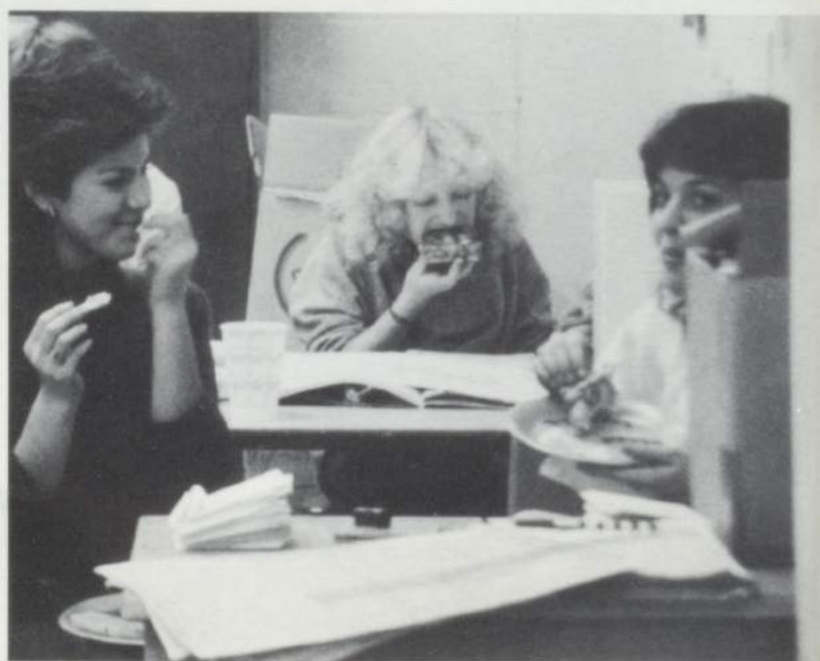

Above: Nick L. at Endicott's favorite pizza spot — Tony's

Top Right: Joanna F. with a Coke and a smile.

Bottom Right: Linda, Magry, and Rhonda devour lunch in the yearbook room.

HOBBIES

"What is your favorite food?" we asked U-E students. 1129 people answered this question, and of these, 505 people chose pizza! Seafood took second, with 270. Various other foods were listed, and one not particularly picky person answered, "anything edible!"

Top: Chris B. takes Collen C. grocery shopping.

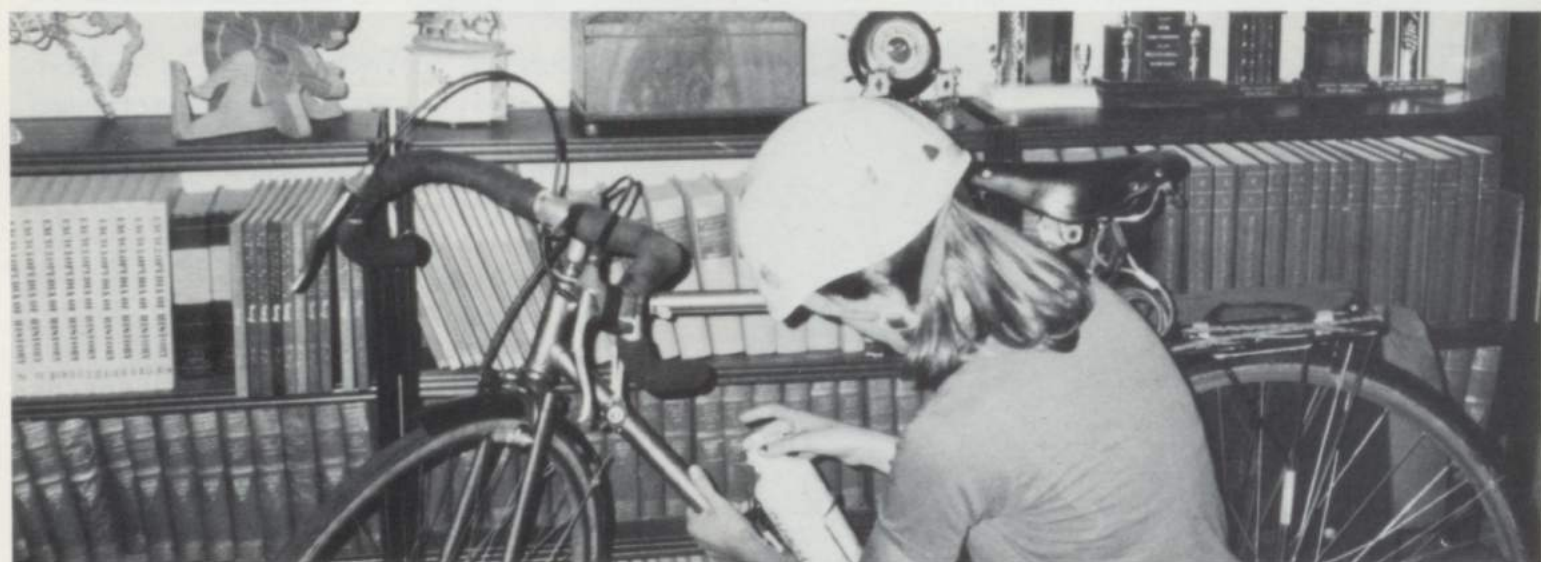

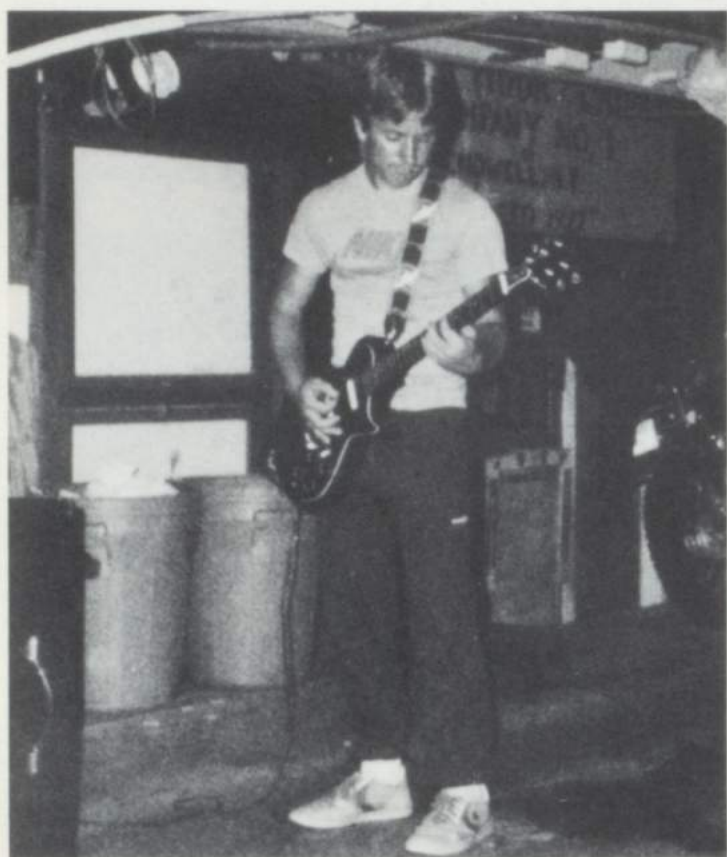

Middle: Kids flock to "the Window."

Lower: Breakfast, Lunch, and Dinner.

Lunch hours are an important part of students' lives. Endicott offers a pretty wide variety of eating places for us to choose from. Tony's came in first, followed by Burger King, McDonald's, Wendy's, and Chuck-E-Cheese's.

HOBBIES

Right: Kelli Hillman putting the final touches on her painting. **Left:** Tom Ritz practicing for an important "gig!"
Bottom: Holly Ceccherelli getting ready for a bicycle ride.

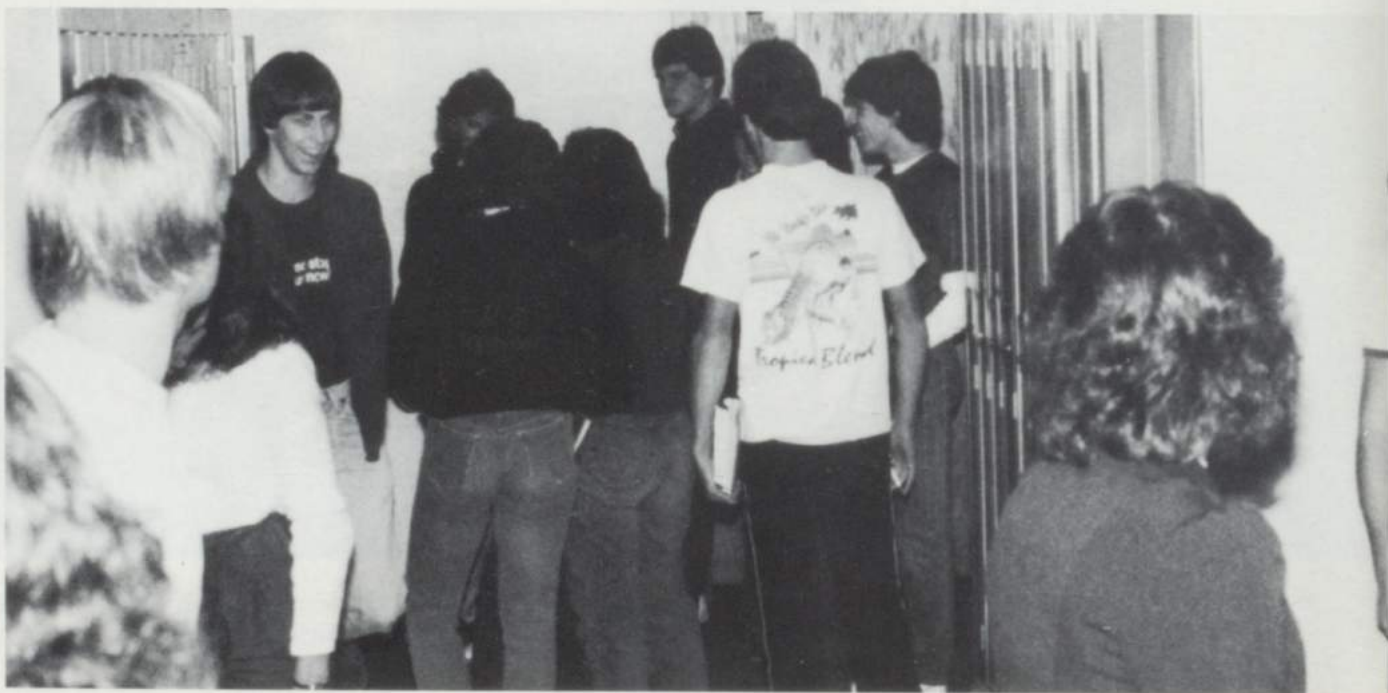

Mary Fisk demonstrates her karate skills.

These are some hobbies listed by students that we failed to get action-packed photos of. The Elephant Man, who enjoys collecting elephants in his spare time. Dan Sentelli, San Salamida, and Rob Sanders, who love to collect spider back worms, and last, but not least, the Mad Italian who enjoys tying spaghetti into knots in the dark.

Fads-n-Fashion

Top Left: Nice Nikes!
Top Right: Pam models one of the newest looks.
Bottom: Hey guys, What's happening?

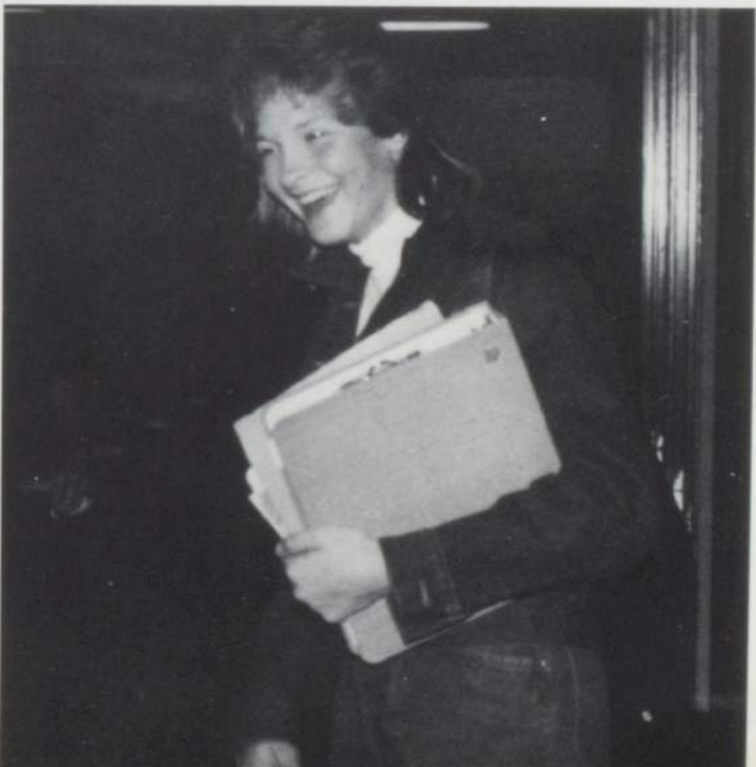

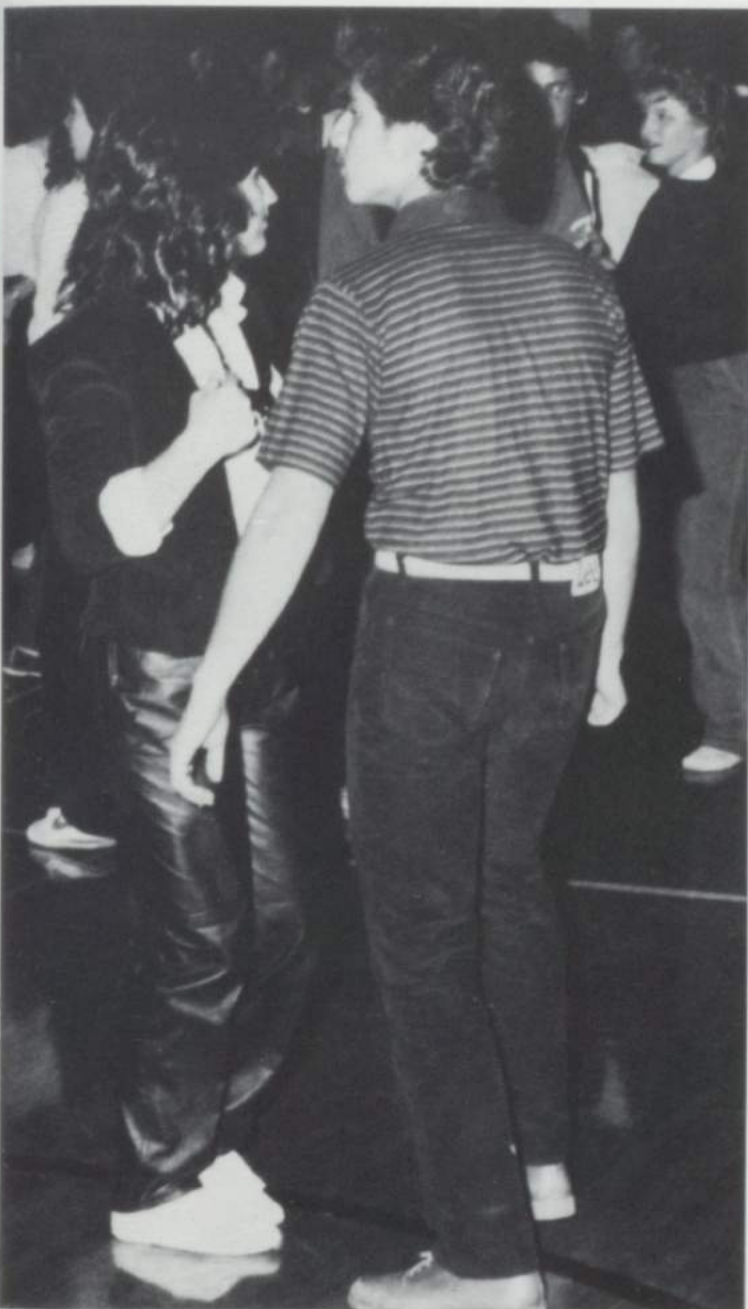

This year at U-E has been marked by many fashion trends. Jeans and pants have suddenly developed stripes in a fantastic array of colors. The "Flashdance" look has danced it's way into the halls of U-E, with girls wearing cut-off sweatshirts and leather pants. The "Preppie" look is still in, as seen on guys and girls both sporting Argyle Sweaters. The Beer shirt still hangs on — the favorites being Bud and Heineken. All over the halls of U-E you can see proud rock fans displaying their concert T-shirts of their favorite groups. And anyone can be seen wearing good ole ORANGE and BLACK.

Top Left: Stop talking on the phone Stacy!

Left: Let's Dance.

Right: The latest in striped denim.

Lower Right: Jeans are in! By the way, what is so funny Sarah?

WORK!! WORK!! WORK!!

Top Left: Steve Butterworth; "I'm so into my job."

Top Right: Rhonda Orringer, your friendly librarian.

Bottom Left: John Henkel — "I just love this place."

Bottom Right: Scott Kimble and friend — are they really "Just testing" the equipment?

Top Left: Tom Naroli: "25 hamburgers in ten minutes?!"

Top Right: Mike Dudinyak: "I just pray the boss doesn't see these shelves."

Bottom: Walt Vavra: He's a Wendy's kind of people.

Students' Most and Least Favorite Things to Do on the Weekend

Left: The typical locker

Top: The local hangout.

Bottom: Party time!

When we asked students' most favorite thing to do on the weekends, more than half chose "Partying!". Sleeping and hanging out with friends were also very popular choices.

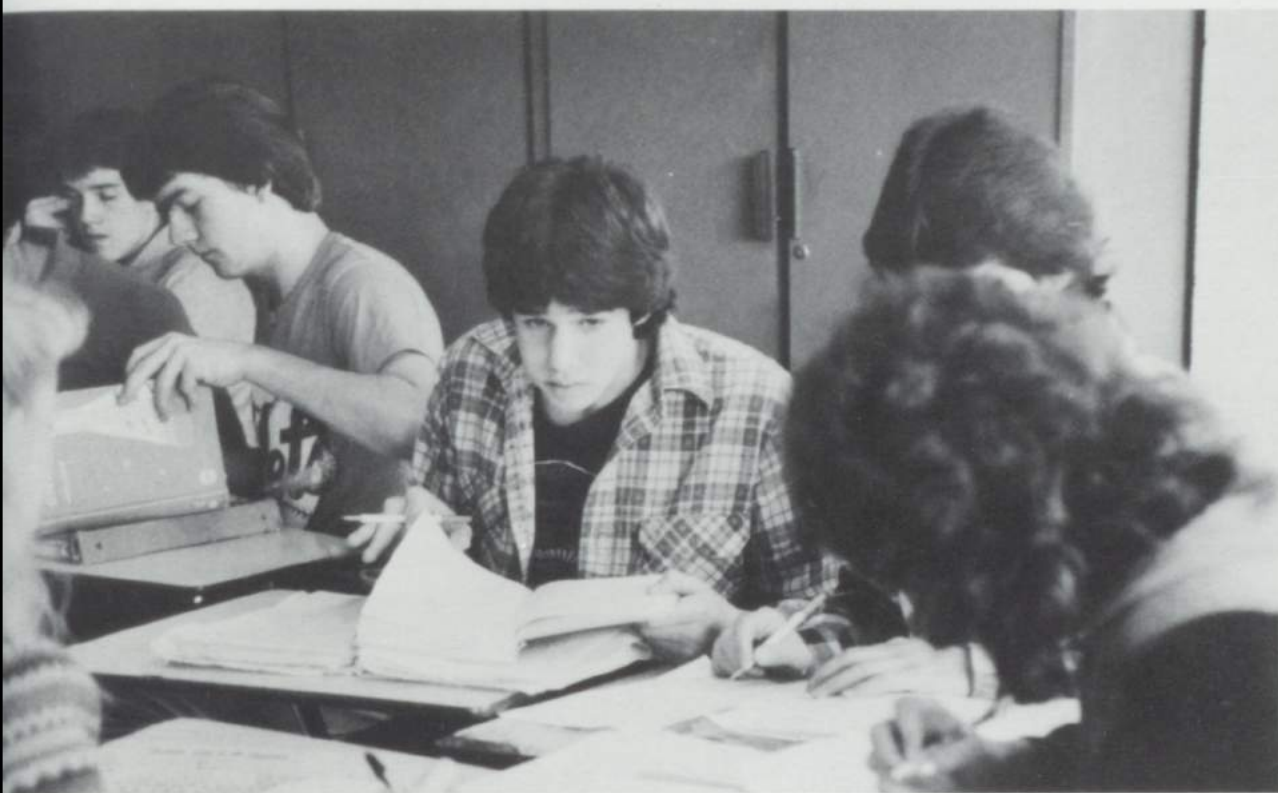

One of the final questions on our survey was, "What is your least favorite thing to do on the weekend?" 60% chose HOMEWORK as their least favorite, while 35% said they despised cleaning and yardwork. May be some of our teachers will take the hint.

Top Left: I wonder if this is being collected?

Middle: Darn it! Mine has to be wrong.

Bottom Left: Yes, Mrs. Librarian, we understand your policy.

Bottom Right: Need some sleep, Cathy?

Messages From Home . . .

E.A.M. . . .

My bridge will only take you halfway there. To those mysterious lands you long to see. Through gypsy camps and swirling Arab fairs and moonlight woods where unicorns are free. You came and walked awhile with me to share the twisted trails and wondrous worlds I've known. But my bridge will only take you halfway there. The last few steps you'll have to walk alone.

Thanks for the memories —
Mom, Dad, and Bill

Dave,

You have made my sophomore and junior years the best. Next year won't be the same without you. I love you a lot and you are very special to me. I hope you realize that and remember it always. You will **always** be in my heart and on my mind.

I Love You Forever,
Coreen

Moon,

Well, we've been friends for so long, and God knows we've been through a lot! I'll never forget all of the long talks we've had! (My secret!) Thanks for being there for me!

Love,
B.J.

Immediate Family,

I know that next year won't be the same because everyone's going to college. I just want to say that high school wouldn't have been the same without all of you! I hope we all stay good friends for a long time to come! Keep in touch!

Love
The Ritz Hider

O.J.

Well this past summer was really fun! I'll never forget when my three friends came swimming and you left! Then wildwood (shuffle shoulder)! You're a friend who I'll never forget!

Love,
Gary

Fran and Dave,

You guys are wicked sweet and I'll never forget the fun summers sitting on Theresa's porch! I'll never forget you!

Love,
B.J. (Boomer)

Glenn,

To the best brother, best friend, best anything I could wish for in the world. No one can imagine what you mean to me. I thank God for having you here because somehow I don't think I could have made it without you. I'll miss you so much next year when you're at college and I'm here. I would love to tell the whole world how proud I am to be your sister (but the school will have to do). I love you.

Love always,
Wendy

Mike,

I'll always remember the times we've spent together, they've been some of the best times of my life, and I'll never forget the things you've helped me with. No one could have done it the way you did. You'll **ALWAYS** be very special to me. Please try to remember that Okay?

Love,
M.

John,

I'll always remember that first week in Mrs. Fiorini's social studies class, and studyhall in the library our freshman year, but what will really be rememberable is Accounting II, and hours spent on the phone trying to get the journals to balance, at least with the same balances on our two! Maybe we'll be able to take the Regents together yet!!

Love,
M.

To "Henery",

Well it's almost over. The past five years have been the best for me and I hope for you too! You've made my high school years the best they could be. I can't begin to tell you how much your friendship has meant to me over the years. You're just like a sister to me!!! Sure, we've had some bad times but we've gotten through everything. If you ever need to laugh, just think about the "tunnel". College time is almost here and we'll be leading our own lives. We'll keep in touch!! Don't worry about the future. It will be great! You'll be tough. We've had a lot of great times. Please don't ever forget me as I will never forget you. Thanks so much for always being there when I needed a friend! Keep in touch with me over the next few years. Be good and take care always.

Love You,
"Henery"

3 in Physics —

I don't know what to say, but I sure enjoyed putting up with you guys in class. You sure kept me laughing (what a laugh at that huh!?) Anyway, I appreciate you all remaining my friends. I'll never forget what a GREAT year you three made for me.

Midj

Immediate Family —

To a great group of friends. You all are what made my senior year so great and most of all rememberable. It helps to have good friends and good times to look back on. Thanks!

Wherever time will take us, wherever we may be, I always want to remember how much you mean to me.

— Wezz '84"

Device,

The wildest group around wants all you Head-bangers, Earthdogs, Hellrats, Rivetheads and Metelheads to have the heaviest, heavy metal summer ever! . . . Heads off to rock!!!

Jason,

My infatuation forever. Hopefully dreams do come true.

Love,
CG

Yvonne,

Don't ever forget that Vestal softball game — "I'm gonna — you all over". Have a Frie. I'll never forget you.

"Moon"

Weez,

I don't know how to thank you for being my friend. We've had our times but we always seem to work them out. Never forget the good times . . . (Where's the lights?, How fast are we going, 6:00 in the morning?, 1-2-3 — somebody . . .). Have a wonderful time in college and keep in touch.

MJW

Dave,

I will never forgive you for all the torment you put me through in 7th grade, but you have more than made up for it in the last two years. Thank you for all the good times we have shared together. I will always love you.

Love,
Chris

Christine,

Thanks for being there for me every time I need someone. Remember Strick your fingers in your eyes and think about Red Butterflies with Pink Polka Dots on top of telephone poles and you'll be alright. But we won't say anything, we'll pretend we didn't notice.

Lufie Lots,
Miki

To The Copy Kid,

It has been totally awesome. Good luck! I hope all your dreams come true.

Lisa

Brian and Giovanna,

Poor Mrs. Manker is going to miss us. You guys are the best.

Love Ya,
Lisa

To: Gina and Barb,

I will never forget your party, Gina, when Barb had that brilliant idea to hide the Ritz crackers instead of the Bud. You are both special friends and I'm sure we'll all be together next year at 'Broome'. Let's go to sleep on the flood wall (ha!ha!). Barb, I won't forget the "secret".

Love,
Chris

Greg,

I hope college goes real well for you and that everything you ever hoped for comes true. You've given me real special memories and I hope we can make many more. I'll miss you a lot.

Love Always,
Dink (C.T.C.)

T.B.A.

I'm glad we became good friends during our senior year. I only wish that we didn't wait until our Senior Year! Thanks for listening when I needed to talk (my two buddies, G. and K.). You're a good friend and I'll never forget you!

Love,
B.J.

To the #1 Basketball Team,

I will never forget those great practices we had. Maybe if we were "All There" half the time we would have remembered more. That last game was humiliating. I will never admit to being on the court. I'm glad we are all such good friends. Let's still go out every Wednesday and Thursday.

Love Always,
Moon

The Immediates:

Friendship is a matter of time . . .

The time that it takes to be kind,

The time that it takes just to listen and talk,

To help someone find peace of mind —

The time that it takes you to do a thoughtful favor that wasn't expected of you,

The time that it takes just to answer a call,

To let someone else know you're there.

Friendship is really a matter of time . . . The time that you take when you care.

This is all so true, that's why we can all say that we have a real friendship in each other.

I just want to say thanks so much for all of the great times, they will always be cherished!

Better known as TBA

Bubba,

I just wanted to say thanks for being there when I needed someone to "dump" on. I know you've been better to me than I've been to you. Remember the "Late-night Dig-Outs". Granola bars and diet soda forever (and Wendy's coolies)!! Make sure we never get lost thru the years.

RMA,
Fatty Pants

Chester:

I don't think I could ever thank you enough for being the friend to me that you have. The past 5 years have been the greatest of my life. We've shared a lot of special times together, and they have given us a lot of memories. Although you're going away, our friendship will still remain what it has always been. You hold a very special place in my life. I'm really gonna miss you when you're gone! Take care of yourself.

Love Ya!
Bear

"The Immediate Family":

We have had so much fun through the years.

Fortunately not too many were spent in tears.

We're Seniors now.

We've spent four years of our lives together,

And Believe me — I could have never asked for a better group of friends.

After June 23 (our last day)

We will go our "separate ways".

Though some of us will be far away from each other,

Our memories will hold us close.

We will keep in touch

Though we may not see each other very much,

I will always remember each and every special moment,

And if we could relive it all over again;

I wouldn't change a thing.

Thank you for being my friends!

My memories of you will never end!!!

I'll miss all of you!!!

Love,
Nick

To The Immediate Family:

Well what can I say? We have been together so long it seems unbelievable that we will all be going our separate ways. You have all been very close to me and I will never forget any of you.

Don't ever forget all of the GREAT times we have had together because for some of us, memories will be very important. Try to take care of yourselves so we can all "show off" (ha) at our first class reunion.

I Love You All,
Moon

Cathy,

You were one of the first people I met when I came here, and I'll never be able to tell you what our friendship means to me. You made the transition from living in the country to living in Endicott much easier. You've always been there when I needed someone to talk to — about anything, and I really appreciate it . . . We've had fun over the years and of course we've had our problems, but it always worked out in the end. We'll have to keep in touch after we're married and have "tons" of kids!!!

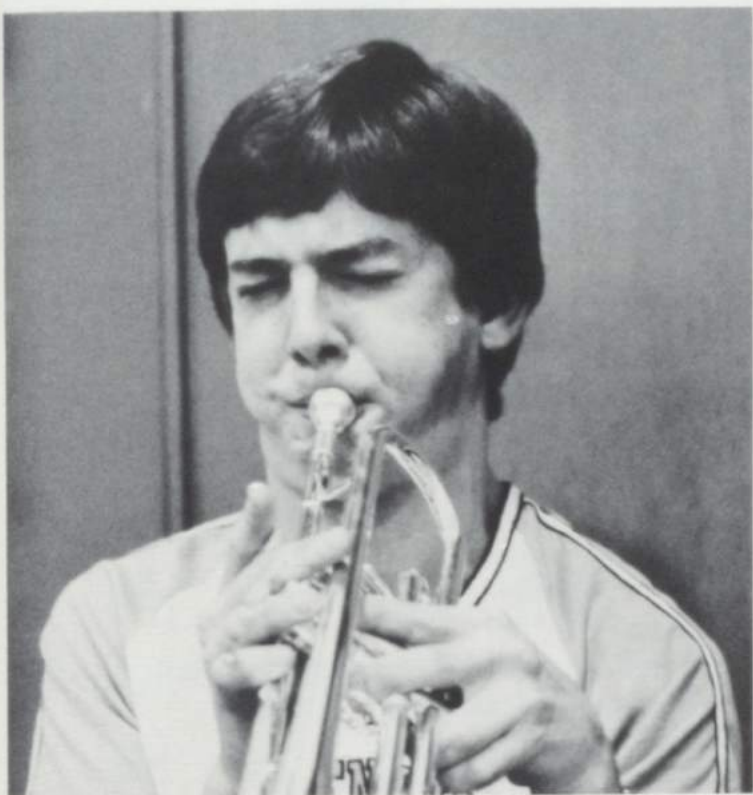

Love,
Michele

I.W.B. #1,

It's been 6 *long* years and it hasn't worked yet (for you at least)! Remember the rap sessions in my driveway. Maybe they are trying to tell us something. Thanx for analyzing my dreams; I'll always be here to listen.

I.W.B. Too,

P.S. Remember Brusselsprout and Succotash!

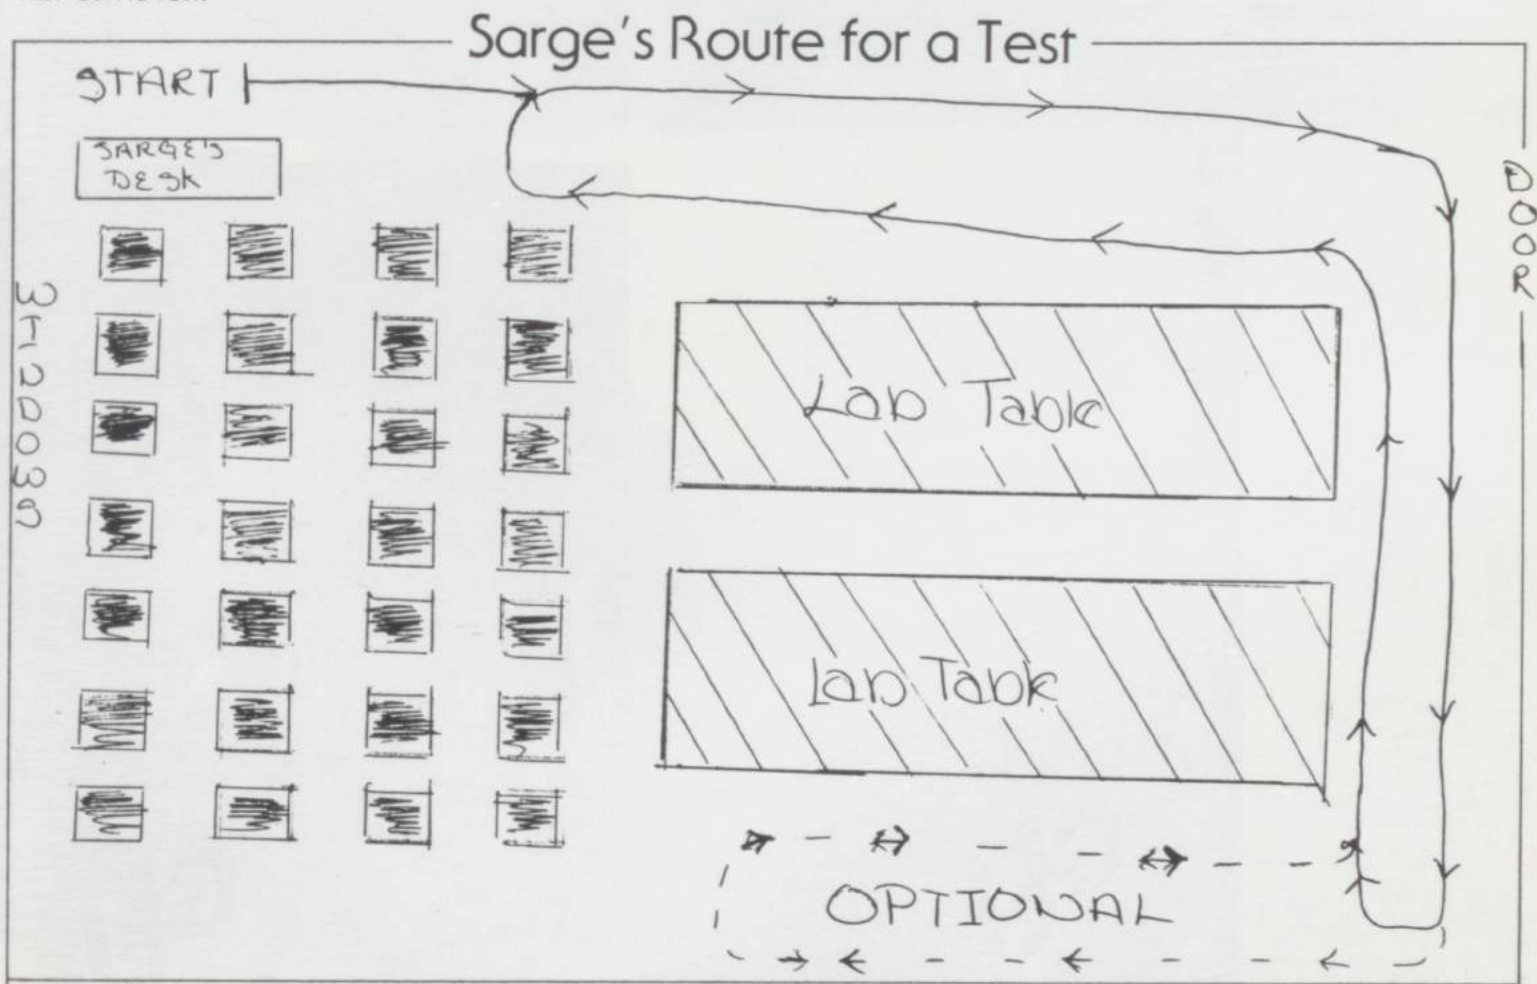

Sarge

This is a list of Sarge's Famous One-Liners. It was compiled by one of his students taking Chemistry this year, but those of us who've had Sarge for Chemistry will understand perfectly because we've heard this every day for a year.
